ESTABLISHMENT OF THE PLAN

Eastern Shawnee Tribe of Oklahoma (the "Employer" or the "Plan Sponsor") has adopted this amended and restated Plan Document and Summary Plan Description effective as of April 1, 2019, for the Eastern Shawnee Tribe of Oklahoma Group Benefit Plan (hereinafter referred to as the "Plan" or "Summary Plan Description"), as set forth herein for the exclusive benefit of its Employees and their eligible Dependents. The Plan was originally adopted by the Employer effective as of July 1, 1998.

Sovereignty

The Plan Administrator is a sovereign nation and the Plan Administrator's decision to voluntarily offer certain rights and protection to participants shall not be deemed a waiver to any exemptions the Plan Administrator is entitled to under the sovereignty status. Nothing in this Plan shall be deemed or construed to be a waiver of the sovereign immunity of the Eastern Shawnee Tribe of Oklahoma, its officials, its entities, or members acting within their official or individual capacities.

Non-Grandfathered Plan Status

This Plan is not a "grandfathered health plan" under Health Care Reform. Questions regarding the Plan's status can be directed to the Plan Administrator. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform.

Purpose of the Plan

The Plan Sponsor has established the Plan for your benefit and for the benefit of your eligible Dependents, on the terms and conditions described herein. The Plan Sponsor's purpose in establishing the Plan is to help to protect you and your family by offsetting some of the financial problems that may arise from an Injury or Illness. To accomplish this purpose, the Plan Sponsor must attempt to control health care costs through effective plan design and the Plan Administrator must abide by the terms of the Plan Document and Summary Plan Description, to allow the Plan Sponsor to allocate the resources available to help those individuals participating in the Plan to manage their healthcare costs.

The Plan is not a contract of employment between you and your Employer and does not give you the right to be retained in the service of your Employer.

The purpose of this Plan is to set forth the terms and provisions of the Plan that provide for the payment or reimbursement of all or a portion of certain health care expenses. This Plan is maintained by the Plan Administrator and may be inspected at any time during normal working hours by you or your eligible Dependents.

Adoption of this Plan Document and Summary Plan Description

The Plan Sponsor, as the settlor of the Plan, hereby adopts this Plan Document and Summary Plan Description (SPD) as the written description of the Plan. This Plan represents both the Plan Document and the Summary Plan Description, which is required by the Employee Retirement Income Security Act of 1974, as amended from time to time. This Plan Document and SPD amends and replaces any prior statement of the health care coverage contained in the Plan or any predecessor to the Plan.

GENERAL OVERVIEW OF THE PLAN

The Plan Administrator has entered into an agreement that provides access to one or more networks of Participating Providers called "Networks". Available Networks are identified on the Employee identification card and in the General Plan Information section. These Networks offer you health care services at discounted rates. Using a Network provider will normally result in a lower cost to the Plan as well as a lower cost to you. There is no requirement for anyone to seek care from a provider who participates in the Network. The choice of provider is entirely up to you. You are also not required to designate a Primary Care Physician (PCP), but the Plan encourages you to designate a PCP to help manage your care.

Purchased Referred Care (PRC)

For any of the eligible Employees and their Dependents covered by this Plan who are also eligible for Purchased Referred Care (PRC) from the Eastern Shawnee Tribe of Oklahoma, in accordance with their PRC eligibility policies and procedures, this Plan is considered to be part of and supplemental to the Eastern Shawnee Tribe of Oklahoma PRC program.

The regulations in 42 C.F.R. Part 136, subpart D and 42 C.F.R. Part 489, subpart B, specify Medicare-Like Rates (MLR) under the PRC describe the processing requirements and payment methodologies to which covered providers must adhere for services authorized for purchase by the Eastern Shawnee Tribe of Oklahoma PRC program. Such regulation implements Medicare Like Rates (MLR) under Section 506 of the Medicare Prescription Drug Improvement Modernization Act of 2003, Pub. L. 108-173, which added a new subparagraph (U) to Section 1866(a)(1) of the Social Security Act, 42 U.S.C. 1395cc(a)(1).

For all claims from providers and suppliers not otherwise covered by 42 C.F.R. Part 136, subpart D and 42 C.F.R. Part 489, subpart B, the regulations at 42 C.F.R. Part 136, subpart I describe the processing requirements and payment methodologies applicable to such providers for services authorized for purchase by the Eastern Shawnee Tribe of Oklahoma PRC program. Some Employees and their Dependents may be eligible for PRC benefits and receive services that were validly authorized under PRC in accordance with the Tribal Health Authority's PRC policies and procedures.

For such services to which Medicare Like Rates or other pricing applies pursuant to the PRC, as applicable, the Plan will process the claims and pay them on behalf of the Eastern Shawnee Tribe of Oklahoma PRC program at the lesser of the applicable payment rate under such regulations or any discount negotiated by or on behalf of the Plan. Payment by the Plan on behalf of and as part of the PRC program, for PRC authorized services in accordance with this section shall constitute payment in full.

This self-funded Tribal Health Plan shall not in any circumstances be considered alternate resources for purposes of the Indian Health Service payor of last resort rule. In accordance with Section 206 (f) of the Indian Health Care Improvement Act, P.L. 94-437, U.S.C. Section 1621e (f), and notwithstanding 42 C.F.R. Section 136.61, the Indian Health Service has no right of recovery against this Tribal self-funded plan for health services the Indian Health Service has provided to an eligible patient; no payment will be made by this Plan to the Indian Health Services.

Overview of Medicare-Like Rate Pricing

Hospital Based Services

Section 506 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, generally, provided authorization for PRC/CHS and Urban Indian Programs to pay no more than "Medicare-Like" Rates (MLR) for referred services furnished by Medicare-preferred Hospitals.

These regulations were published in a final rule in the Federal Register on June 4, 2007, with an effective date of July 5, 2007. The regulations describe the payment methodologies and other requirements that covered Providers must adhere to when processing claims for services authorized for purchase by a PRC/CHS or Urban Indian Program. This applies to programs operated by the IHS, Tribes or Tribal organizations, and Urban Indian Programs.

Certain health care claims for members eligible for PRC/CHS benefits are repriced and paid at the lesser of the MLR or the PPO rate. Providers are required to accept this payment as payment in full.

Provider and Non-Hospital Based Services

42 CFR Part 136 of Indian Health Service, HHS finalized regulations May 20, 2016 allowing Medicare Like Rates (MLR) application to payment for Physician and other health care professional services purchased by Indian Health Programs and medical charges associated with non-Hospital-based Care.

These regulations were published in a final rule in the Federal Register on March 21, 2016 with an effective date of March 20, 2016. The regulation describes a methodology and payment rates for the Indian Health Service (IHS) Purchased Referred Care (PRC), formerly known as Contract Health Services (CHS), to apply Medicare payment methodologies to all Physician and other health care professional services and non-Hospital-based services.

Benefit Payment

Certain health care claims for covered members eligible for PRC benefits are repriced and paid at the lesser of the MLR or the PPO rate. Providers are required to accept this payment as payment in full. Payment levels are stated in the Medical Schedule of Benefits Section. PRC/CHS payments are made at 100% of the allowable charge. For any of the eligible Employees and their Dependents covered by this Plan who are also eligible for Purchased/Referred Care (PRC) from the Eastern Shawnee Tribe of Oklahoma, in accordance with the Tribal Health Authority's PRC eligibility policies and procedures, this Plan is considered to be part of and supplemental to the PRC program.

Non-Participating Provider Exceptions

Covered services rendered by a Non-Participating Provider will be paid at the Participating Provider level when a:

- (1) Covered Person has an Emergency Medical Condition requiring immediate care.
- (2) Covered Person receives services by a Non-Participating Provider (e.g. anesthesiologists, radiologists, pathologists, etc.) who is under agreement with a Network facility.
- (3) Participating Provider submits a specimen to a Non-Participating Provider laboratory.
- (4) Non-Participating Provider provides services at a Network facility.
- (5) Covered Person receives services from a Network surgeon who uses a non-Network Assistant Surgeon.
- (6) Participating Provider is not available within a 50-mile radius of the Covered Person's residence.

Not all providers based in Network Hospitals or medical facilities are Participating Providers. It is important when you enter a Hospital or medical facility that you request that ALL Physician services be performed by Participating Providers. By doing this, you will always receive the greater Participating Provider level of benefits.

A current list of Participating Providers is available, without charge, through the Third Party Administrator at www.meritain.com. If you do not have access to a computer at your home, you may contact your Employer or the Network at the phone number on the Employee identification card to obtain a paper copy of the Participating Providers available.

You are free to choose any provider and you, together with your provider, are ultimately responsible for determining the appropriate course of medical treatment, regardless of whether the Plan will pay for all or a portion of the cost of such care. Participating Providers are independent contractors; neither the Plan nor the Plan Administrator makes any warranty as to the quality of care that may be rendered by any Participating Provider.

Transitional Care

Certain Covered Expenses may be paid at the applicable Participating Provider benefit level if the Covered Person is currently under a treatment plan by a Physician or other health care provider or facility that was a member of this Plan's previous Network but who is not a member of this Plan's current Network. In order to ensure continuity of care for certain medical conditions already under treatment, the Participating Provider benefit level may continue for 180 days for conditions approved as transitional care. Examples of medical conditions appropriate for consideration for transitional care include, but are not limited to:

- (1) Cancer if under active treatment with chemotherapy and/or radiation therapy.
- (2) Organ transplant patients if under active treatment (seeing a Physician on a regular basis, on a transplant waiting list, ready at any time for transplant).

- (3) If the Covered Person is Inpatient in a Hospital on the effective date.
- (4) Post acute Injury or Surgery within the past 3 months.
- (5) Pregnancy in the second or third trimester and up to 8 weeks postpartum.
- (6) Behavioral Health – any previous treatment.

You or your Dependent must call the Plan Administrator prior to the effective date or within 4 weeks after the effective date to see if you or your Dependents are eligible for this benefit.

Routine procedures, treatment for stable chronic conditions, minor Illnesses and elective Surgical Procedures will not be covered by transitional level benefits.

Costs

You must pay for a certain portion of the cost of Covered Expenses under the Plan, including (as applicable) any Copay, Deductible and Coinsurance percentage that is not paid by the Plan, up to the Out-of-Pocket Maximum set by the Plan.

Coinsurance

Coinsurance is the percentage of eligible expenses the Plan and the Covered Person are required to pay. The amount of Coinsurance a Covered Person is required to pay is the difference from what the Plan pays as shown in the Medical Schedule of Benefits.

There may be differences in the Coinsurance percentage payable by the Plan depending upon whether you are using a Participating Provider or a Non-Participating Provider. These payment levels are also shown in the Medical Schedule of Benefits.

Copay

A Copay is the portion of the Covered Expense that is your responsibility, as shown in the Medical Schedule of Benefits. A Copay is applied for each occurrence of such covered medical service and is not applied toward satisfaction of the Deductible.

Deductible

NOTE: Deductible amounts satisfied with the Employer-sponsored plan immediately replaced by this Plan will be credited toward satisfaction of this Plan's Deductible requirements.

A Deductible is the total amount of eligible expenses as shown in the Medical Schedule of Benefits, which must be Incurred by you during any Calendar Year before Covered Expenses are payable under the Plan. The family Deductible maximum, as shown in the Medical Schedule of Benefits, is the maximum amount which must be Incurred by the covered family members during a Calendar Year. However, each individual in a family is not required to contribute more than one individual Deductible amount to a family Deductible.

Out-of-Pocket Maximum

NOTE: Out-of-Pocket amounts satisfied with the Employer-sponsored plan immediately replaced by this Plan will be credited toward satisfaction of this Plan's Out-of-Pocket Maximum requirements.

An Out-of-Pocket Maximum is the maximum amount you and/or all of your family members will pay for eligible expenses Incurred during a Calendar Year before the percentage payable under the Plan increases to 100%.

The single Out-of-Pocket Maximum applies to a Covered Person with single coverage. When a Covered Person reaches his or her Out-of-Pocket Maximum, the Plan will pay 100% of additional eligible expenses for that individual during the remainder of that Calendar Year.

The family Out-of-Pocket Maximum applies collectively to all Covered Persons in the same family. The family Out-of-Pocket Maximum is the maximum amount that must be satisfied by covered family members during a Calendar Year. The entire family Out-of-Pocket Maximum must be satisfied; however each individual in a family is not required to contribute more than the single Out-of-Pocket amount to the family Out-of-Pocket Maximum before the Plan will pay 100% of Covered Expenses for any Covered Person in the family during the remainder of that Calendar Year.

Your Out-of-Pocket Maximum may be higher for Non-Participating Providers than for Participating Providers. Please note, however, that not all Covered Expenses are eligible to accumulate toward your Out-of-Pocket Maximum. The types of expenses, which are not eligible to accumulate toward your Out-of-Pocket Maximum, (“non-accumulating expenses”) include:

- (1) Charges over Usual and Customary Charges for Non-Participating Providers.
- (2) Charges this Plan does not cover, including precertification penalties.

Reimbursement for any eligible non-accumulating expenses will continue at the percentage payable shown in the Schedule of Benefits, subject to the Plan maximums.

The Plan will not reimburse any expense that is not a Covered Expense. In addition, you must pay any expenses that are in excess of the Usual and Customary Charges for Non-Participating Providers. This could result in you having to pay a significant portion of your claim. None of these amounts will accumulate toward your Out-of-Pocket Maximum.

Once you have paid the Out-of-Pocket Maximum for eligible expenses Incurred during a Calendar Year, the Plan will reimburse additional eligible expenses Incurred during that year at 100%.

If you have any questions about whether an expense is a Covered Expense or whether it is eligible for accumulation toward your Out-of-Pocket Maximum, please contact your Plan Administrator or the Apta Care Coordinators for assistance.

Integration of Deductibles and Out-of-Pocket Maximums

If you use a combination of Participating Providers and Non-Participating Providers, your total Deductible amount and Out-of-Pocket Maximum amount required to be paid will not exceed the amount shown for Non-Participating Providers. In other words, the amount of the Deductible expense and Out-of-Pocket Maximum you pay for both Participating Providers and Non-Participating Providers will be combined and the total will not exceed the amount shown for Non-Participating Providers during a single Calendar Year.

Medical Expense Audit Bonus

The Plan offers an incentive to all Covered Persons to encourage examination and self-auditing of eligible medical bills to ensure the amounts billed by any provider accurately reflect the services and supplies received by the Covered Person. The Covered Person is asked to review all medical charges and verify that each itemized service has been received and the bill does not represent either an overcharge or a charge for services never received. This self-auditing procedure is strictly voluntary; however, it is to the advantage of the Plan as well as the Covered Person to avoid unnecessary payment of health care costs.

In the event a self-audit results in elimination or reduction of benefits paid, 25% of the amount saved will be reimbursed directly to the Employee (subject to a \$10 minimum payment and a \$500 maximum payment per Calendar Year), provided the savings are accurately documented, and satisfactory evidence is submitted to the Third Party Administrator (e.g., a copy of the incorrect bill and a copy of the corrected billing).

This self-audit credit is in addition to the payment of all other applicable Plan benefits for legitimate medical expenses. This credit will not be payable for expenses in excess of the Usual and Customary Charges or expenses that are not covered under the Plan, regardless of whether benefits paid are reduced.

APTA CARE COORDINATION PROCESS

Introduction

The Plan incorporates a “Care Coordination” process by Quantum Health. This process includes a staff of Care Coordinators who receive a notification regarding most healthcare services sought by Covered Persons, and coordinate activities and information flow between the providers.

Apta Care Coordination is intended to help Covered Persons obtain quality healthcare and services in the most appropriate setting, help reduce unnecessary medical costs, and for early identification of complex medical conditions. The Care Coordinators are available to Covered Persons and their providers for information, assistance, and guidance, and can be reached toll-free by calling:

Apta Care Coordinators: (866) 274-9478

Para obtener ayuda con todo lo relacionado al cuidado de la salud, comuníquese con sus Apta Care Coordinators llamando al (866) 274-9478.

Process of Care Requirements

In order to receive the highest benefits available in the Plan, Covered Persons must follow the “Apta Care Coordination Process” outlined in this section. In some cases, failure to follow this process of care can result in significant benefit reductions, penalties, or even loss of benefits for specific services. The process of care generally includes:

- (1) Designating a coordinating Physician (Primary Care Physician, referred to as the PCP)
- (2) Review and coordination process, including:
 - (a) Referrals from a PCP for all visits to specialist Physicians
 - (b) Prenotification of certain procedures
 - (c) Utilization Review
 - (d) Concurrent Review of hospitalization and courses of care
 - (e) Case Management

As described below, referral and prenotification authorizations are generally requested by the providers on behalf of Covered Persons.

Overview

Designated Coordinating Physician

Upon enrollment, all Covered Persons are asked to designate a coordinating Primary Care Physician (PCP) for each member of their family. While such designation is not mandatory, it is strongly recommended. **To ensure the highest level of benefits, and the best coordination of your care, all Covered Persons are encouraged to designate a Participating Provider PCP to be their coordinating Physician. To designate a PCP call the Apta Care Coordinators at (866) 274-9478.**

The Apta Care Coordination process generally begins with the “coordinating Physician,” who is a PCP who maintains a relationship with the Covered Person and provides general healthcare guidance, evaluation, and management. The following types of Physicians can be selected by Covered Persons as their coordinating PCP:

- (1) Family Medicine
- (2) General Practice
- (3) Internal Medicine
- (4) Pediatrician (for children)

(5) An OB/GYN

Covered Persons are encouraged to begin all healthcare events or inquiries with a call or visit to a PCP, who will guide patients as appropriate. In addition to providing care coordination and submitting referral and prenotification requests, the PCP may also receive notices regarding healthcare services that their designated patients receive under the Plan. This allows the PCP to provide ongoing healthcare guidance.

If you have trouble obtaining access to a PCP, the Apta Care Coordinators may be able to assist you by providing a list of available PCPs and even contacting PCP offices on your behalf. Please contact the Apta Care Coordinators at (866) 274-9478.

Use of Participating Providers

The Plan offers a broad network of providers and provides the highest level of benefits when Covered Persons utilize “in-network” providers. These networks will be indicated on your Plan identification card. **Services provided by Non-Participating Providers will not be eligible for the highest benefits.** Specific benefit levels are shown in the Medical Schedule of Benefits.

Review and Coordination Process

The Apta Care Coordination process includes the following components:

(1) Referrals for Specialty Care

It is recommended that the Covered Person begin every healthcare event with a call or visit to a PCP. If and when a PCP refers the patient to a Specialist, he/she will submit a notification of this referral to the Apta Care Coordinators. The Covered Person will receive the best benefits and/or coordination of care when a PCP submits a notification of referral to see a Specialist. Referral notices can be submitted by any PCP, including Non-Participating Providers. (Please note: an office visit to a Non-Participating Provider PCP would be covered at the Non-Participating Provider benefit level.) The referral will be authorized for a certain time period, number of visits, or number of units, as requested by the PCP. During the authorized period, further referrals are not required for additional visits or treatments associated with the initial referral.

The Medical Schedule of Benefits included in the Plan specifies the benefit reduction, if any, that occurs for specialty services that are received without an authorized specialty referral in place.

NOTE: There will be a 60-day grace period from the effective date of the Plan during which the benefit reduction will not apply if an authorized specialty referral is not obtained.

The PCP is responsible for submitting the referral notice with all required information to the Apta Care Coordinators, who will process the referral and notify the PCP's office upon authorization. While the referral process is initiated by the PCP, the Covered Person is ultimately responsible for ensuring that the referral authorization is in place **before** the Specialty visit. Whenever possible, notice of this referral is sent to the Covered Person; however, Covered Persons can verify that the referral is in place by calling the Apta Care Coordinators at (866) 274-9478 or visiting the website on your ID card. Please refer to Emergency Admissions and Procedures for additional information regarding those circumstances.

OB/GYN office visits: As noted above, OB/GYN Specialists are generally not considered to be PCPs. However, to ensure open and unhindered access to OB/GYN care, all office visits to OB/GYN Specialists receive the same benefit level as a PCP office visit. Covered Persons do not have to obtain a referral from a PCP to see their OB/GYN Specialist or receive the highest level of benefits for an office visit to an OB/GYN.

(2) Prenotification of Certain Procedures

To be covered at the highest level of benefit and to ensure complete care coordination, the Plan requires that certain care, services and procedures be precertified **before** they are provided. Precertification requests are submitted to the Apta Care Coordinators by a Specialty Physician, designated PCP, other PCP, or other healthcare provider. Your Plan identification card includes instructions. Depending on the request, the Apta Care Coordinators may contact the requesting provider to obtain additional clinical information to support the need for the prenotification request and to ensure that the care, service and/or procedure meet Plan criteria. If a prenotification request does not meet Plan criteria, the Apta Care Coordinators will contact the Covered Person and healthcare provider and assist in redirecting care if appropriate.

The following services require prenotification:

- (a) Inpatient and Skilled Nursing Facility admissions
- (b) Outpatient Surgeries
- (c) MRI/MRA and PET scans
- (d) Oncology care and services (chemotherapy and radiation therapy)
- (e) Home Health Care
- (f) Hospice Care
- (g) DME – all rentals and any purchase over \$500
- (h) Organ, tissue and bone marrow transplants
- (i) Dialysis
- (j) Occupational, Physical and Speech Therapy
- (k) Genetic testing

Penalties For Not Obtaining Prenotification

A non-notification penalty is the amount you must pay if notification of the service is not provided prior to receiving a service. Covered Expenses will be reduced by \$500 if a Covered Person receives services but did not obtain the required notification for:

- (1) Inpatient and Skilled Nursing Facility admissions
- (2) Outpatient Surgeries
- (3) MRI/MRA and PET scans
- (4) Oncology care and services (chemotherapy and radiation therapy)
- (5) Home Health Care
- (6) Hospice Care
- (7) DME – all rentals and any purchase over \$500
- (8) Organ, tissue and bone marrow transplants
- (9) Dialysis
- (10) Occupational, Physical and Speech Therapy
- (11) Genetic testing

NOTE: There will be a 30-day grace period from the effective date of the Plan for the prenotification process during which the non-notification penalty will not apply.

Utilization Review

The Apta Care Coordinators will review each prenotification request to evaluate whether the care, requested procedures, and requested care setting all meet utilization criteria established by the Plan. The Plan has adopted the utilization criteria in use by the Apta Care Coordinators. If a prenotification request does not meet these criteria, the request will be reviewed by one of the medical directors for Quantum Health, who will review all available information and if needed consult with the requesting provider. If required, the medical director will also consult with other professionals and medical experts with knowledge in the appropriate field. He or she will then provide, through the Apta Care Coordinators, a recommendation to the Plan Administrator whether the request should be approved, denied, or allowed as an exception. In this manner, the Plan ensures that prenotification requests are reviewed according to nationally accepted standards of medical care, based on community healthcare resources and practices.

Concurrent Review

The Apta Care Coordinators will regularly monitor a Hospital stay, other institutional admission, or ongoing course of care for any Covered Person, and examine the possible use of alternate facilities or forms of care. The Apta Care Coordinators will communicate regularly with attending Physicians, the Utilization Management staff of such facilities, and the Covered Person and/or family, to monitor the patient's progress and anticipate and initiate planning for future needs (discharge planning). Such concurrent review, and authorization for Plan coverage of Hospital days, is conducted in accordance with the utilization criteria adopted by the Plan, Apta Health and Quantum Health.

Case Management

Case Management is ongoing, proactive coordination of a Covered Persons' care in cases where the medical condition is, or is expected to become catastrophic, chronic, or when the cost of treatment is expected to be significant. Examples of conditions that could prompt case management intervention include but are not limited to, cancer, chronic obstructive pulmonary disease, multiple trauma, spinal cord injury, stroke, head injury, AIDS, multiple sclerosis, severe burns, severe psychiatric disorders, high risk pregnancy, and premature birth.

Case Management is a collaborative process designed to meet a Covered Person's health care needs, maximize their health potential, while effectively managing the costs of care needed to achieve this objective. The case manager will consult with the Covered Person, the attending Physician, and other members of the Covered Person's treatment team to assist in facilitating/implementing proactive plans of care which provides the most appropriate health care and services in a timely, efficient and cost-effective manner.

If the case manager, Covered Person, and the Plan Administrator all agree on alternative care that can reasonably be expected to achieve the desired results without sacrificing the quality of care provided, the Plan Administrator may alter or waive the normal provisions of this Plan to cover such alternative care, at the benefit level determined by the Plan Administrator.

In developing an alternative plan of treatment, the case manager will consider:

- (1) The Covered Person's current medical status
- (2) The current treatment plan
- (3) The potential impact of the alternative plan of treatment
- (4) The effectiveness of such care and
- (5) The short-term and long-term implications this treatment plan could have

If an alternative plan of treatment is warranted, the Apta Care Coordinators will submit this plan to the Claims Administrator and/or stop-loss carrier for prior review and approval.

The Plan Administrator retains the right to review the Covered Person's medical status while the alternative plan of treatment is in process, and to discontinue the alternative plan of treatment with respect to medical services and supplies which are not covered charges under the Plan if:

- (1) The attending Physician does not provide medical records or information necessary to determine the effectiveness of the alternative plan of treatment
- (2) The goal of the alternative care of treatment has been met
- (3) The alternative plan of care is not achieving the desired results or is no longer beneficial to the Covered Person

Chronic Condition Management

Chronic Condition Management (also referred to as Disease Management) is specialized support and coordination for Covered Persons with lifelong, chronic conditions such as diabetes, coronary artery disease, congestive heart failure, chronic obstructive pulmonary disease and asthma. Chronic Condition Management is a collaborative process that is designed to help Covered Persons with such conditions self-manage based on care pathways with respect to such disease state, including but not limited to assisting Covered Persons in understanding the care pathway, assisting Covered Persons in setting goals, facilitating dialog with Physicians if there are complications or conflicts with the Covered Person's care, evaluating ways to eliminate barriers to successful self-management and generally maximize their health. Covered Persons who are identified from claims, biometrics or other sources will be assessed for level of risk for each disease state and may be contacted proactively by a Chronic Condition Case Manager (also referred to as Disease Manager). Covered Persons whose information indicates they are high risk will be contacted by a Chronic Condition Case Manager for an assessment and ongoing assistance and will be asked to update their care pathway information bi-annually. Covered Persons who are low or moderate risk may request assistance of a Chronic Condition Case Manager and will also be asked to update their care pathway information on a bi-annual basis. Participation in chronic condition care management is voluntary, but participants may receive various prescription medications and/or supplies at a reduced cost or may be entitled to benefits that non-participants do not receive.

General Provisions for Apta Care Coordination

Authorized Representative

The Covered Person is ultimately responsible for ensuring that all referrals and prenotifications are approved and in place prior to the time of service to receive the highest level of benefits. However, in most cases, the actual referral and prenotification process will be executed by the Covered Person's Physician(s) or other providers. By subscribing to this Plan, the Covered Person authorizes the Plan and its designated service providers (including Apta Health, Quantum Health, the Third Party Administrator, and others) to accept healthcare providers making referral and prenotification submissions, or who otherwise have knowledge of the Covered Person's medical condition, as their authorized representative in matters of Apta Care Coordination. Communications with and notifications to such healthcare providers shall be considered notification to the Covered Person.

Time of Notice

The referral and prenotification should be made to the Apta Care Coordinators within the following timeframe:

- (1) At least **3 business days**, before a scheduled (elective) Inpatient Hospital admission
- (2) By the next business day after an emergency Hospital admission
- (3) Upon being identified as a potential organ or tissue transplant recipient
- (4) At least **3 business days** before receiving any other services requiring pre-authorization

"Emergency" Admissions and Procedures

Any Hospital admission or outpatient procedure that has not been previously scheduled and cannot be delayed without harming the patient's health is considered an emergency for purposes of the utilization review notification.

Maternity Admissions

A notice regarding admissions for childbirth should be submitted to the Apta Care Coordinators in advance, preferably 30 days prior to expected delivery. The Plan and the Apta Care Coordination process complies with all state and federal regulations regarding utilization review for maternity admissions. The Plan will not restrict benefits for any Hospital stay in connection with childbirth for the mother or newborn child to less than 48 hours following a normal vaginal delivery, or less than 96 hours following a cesarean section, or require prior notification or authorization for prescribing a length of stay not in excess of these periods. If the mother's or newborn's attending provider, after consulting with the mother, discharges the mother or her newborn earlier than the applicable 48 or 96 hours, the Plan will only consider benefits for the actual length of the stay. The Plan will not set benefit levels or Out-of-Pocket costs so that any later portion of the 48 or 96 hour stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

Apta Care Coordination is Not a Guarantee of Payment of Benefits

The Apta Care Coordination process does not provide a guarantee of payment of benefits. Approvals of referral and prenotification notices for specialty visits, procedures, hospitalizations and other services, indicate that the medical condition, services, and care settings meet the utilization criteria established by the Plan. The Apta Care Coordination approvals do not indicate that the service is a covered benefit, that the Covered Person is eligible for such benefits, or that other benefit conditions such as Copay, Deductible, Coinsurance, or maximums have been satisfied. Final determinations regarding coverage and eligibility for benefits are made by the Plan.

Result of Not Following The Apta Coordinated Process of Care

Failure to comply with the Apta Care Coordination "process of care" may result in reduction or loss in benefits. The Medical Schedule of Benefits included in this Plan specifies such reduction in benefits. The penalties for not obtaining prenotification section specifies applicable penalties. Charges you must pay due to any penalty for failure to follow the care coordination process do not count toward satisfying any Deductible, Coinsurance or Out-of-Pocket Maximum limits of the Plan.

Appeal of Apta Care Coordination Determinations

Covered Persons have certain appeal rights regarding adverse determinations in the Apta Care Coordination process, including reduction of benefits and penalties. The appeal process is detailed in the Claim Procedures section within this document.

Experimental and/or Investigational

If a drug, device, medical treatment or other procedure is reviewed and recommended under the Personal Precision Oncology Management (PPOM) program (complex cancer care guidance and support inclusive of case reviews and peer-to-peer consultation to identify appropriate testing, diagnosis, treatment plan and facility for specific cancer cases), the Care Coordinators will be guided by the written guidelines and principles adopted by the Plan Administrator as part of the PPOM program in determining whether a drug, device, medical treatment or other procedure will be deemed to be Experimental and/or Investigational.

Dispense as Written

The Plan requires pharmacies dispense Generic Drugs when available unless the Physician specifically prescribes a Formulary or Non-Formulary Drug and marks the script "Dispense as Written" (DAW). Should a Covered Person choose a Formulary or Non-Formulary Drug rather than the Generic equivalent when the Physician allowed a Generic Drug to be dispensed, the Covered Person will also be responsible for the cost difference between the Generic and Formulary or Non-Formulary Drug. The cost difference is not covered by the Plan and will not accumulate toward your Out-of-Pocket Maximum.

Specialty Pharmacy Program

Specialty drugs must be obtained directly from the specialty pharmacy program after one fill at a retail pharmacy. For additional information, please contact the Prescription Drug Card Program Administrator.

Preventive Drug means items which have been identified by the U.S. Department of Health and Human Services (HHS) as a preventive service. You may view the guidelines established by HHS by visiting the following website:

ELIGIBILITY FOR PARTICIPATION

Employee Eligibility

A Full-Time Employee of the Employer Legally Employed in the U.S. who regularly works 30 or more Hours of Service per week will be eligible to enroll for coverage under this Plan once he/she completes a waiting period of 60 days from the first day he or she reports for employment with the Employer. Includes Seasonal Employees. Participation in the Plan will begin as of the first day of the month following completion of the waiting period provided all required election and enrollment forms are properly submitted to the Plan Administrator.

You are not eligible to participate in the Plan if you are a Part-Time, temporary or leased employee, an independent contractor or a person performing services pursuant to a contract under which you are designated an independent contractor (regardless of whether you might later be deemed a common law employee by a court or governmental agency) or a person covered by a collective bargaining agreement that does not provide for participation in this Plan.

Determining Full-Time Employee Status for Ongoing Employees

In determining whether an Ongoing Employee is classified as a Full-Time Employee, the Employer has set forth a Standard Measurement Period of 11 months followed by a Standard Stability Period of 12 months. If during the Standard Measurement Period, the Ongoing Employee is determined to be a Full-Time Employee, the Plan will have a 30 day Administrative Period to notify the Employee of his or her eligibility (and the eligibility of the Employee's eligible Dependents) to enroll in the Plan and to complete the enrollment process. An Employee who has been determined to be a Full-Time Employee during his or her Measurement Period will be offered single or family coverage, as applicable, that is effective as of the first day of the Employee's Stability Period.

Determining Full-Time Employee Status for New Variable Hour, Seasonal, or Part-Time Employees

In determining whether a new Variable Hour, Seasonal, or Part-Time Employee will be considered as a Full-Time Employee during the Initial Stability Period, the Employer has set forth an Initial Measurement Period of 11 months followed by an Initial Stability Period of 12 months. If during the Initial Measurement Period, the Employee is determined to be a Full-Time Employee, the Plan will have a 30 day Administrative Period to notify the Employee of his or her eligibility to enroll in the Plan and to complete the enrollment process (and the eligibility of the Employee's eligible Dependents).

An Employee who has been determined to be a Full-Time Employee during his or her Measurement Period will be offered single or family coverage, as applicable, that is effective as of the first day of the Employee's Stability Period. Notwithstanding any other provision to the contrary, the combined length of the Initial Measurement Period and the Administrative Period for a New Employee who is a Part-Time, Variable Hour or Seasonal Employee may not extend beyond the last day of the first calendar month beginning on or after the first anniversary of the date the Employee completes at least one Hour of Service with the Employer.

Material Change in Position or Employment Status for New Variable Hour, Seasonal, or Part-Time Employee

An Employee who, during his or her Initial Measurement Period, experiences a material change in position or employment status that results in the Employee becoming reasonably expected to work at least 30 Hours of Service per week for the Employer will be treated as a Full-Time Employee to whom coverage under the Plan will be offered to the Employee and his or her eligible Dependents beginning on the earlier of:

- (1) The 4th full calendar month following the change in employment status; or
- (2) The first day of the Initial Stability Period (but only if the Employee averaged at least 30 Hours of Service per week during the Initial Measurement Period).

Dependent Eligibility

Your Dependents are eligible for participation in this Plan provided he/she is:

- (1) Your Spouse.
- (2) Your Child until the end of the month in which he/she attains age 26.
- (3) Your Child age 26 or older, who is unable to be self supporting by reason of mental or physical handicap and is incapacitated, provided the Child suffered such incapacity prior to the end of the month in which he/she attained age 26. Your Child must be unmarried and primarily dependent upon you for support. The Plan Sponsor may require subsequent proof of your Child's disability and dependency, including a Physician's statement certifying your Child's physical or mental incapacity.
- (4) A Child for whom you are required to provide health coverage due to a Qualified Medical Child Support Order (QMCSO). Procedures for determining a QMCSO may be obtained from the Plan Administrator at no cost.

The below terms have the following meanings:

"Spouse" means any person who is lawfully married to you under any state law. Specifically excluded from this definition is a spouse by reason of common law marriage, whether or not permitted in your state. The Plan Administrator may require documentation proving a legal marital relationship.

"Child" means your natural born son, daughter, stepson, stepdaughter, legally adopted Child (or a Child placed with you in anticipation of adoption), or a Child for whom you are the Legal Guardian. Coverage for a Child for whom you are the Legal Guardian will remain in effect until such Child no longer meets the age requirements of an eligible Dependent under the terms of the Plan, regardless of whether or not such Child has attained age 18 (or any other applicable age of emancipation of minors).

"Child placed with you in anticipation of adoption" means a Child that you intend to adopt, whether or not the adoption has become final, who has not attained the age of 18 as of the date of such placement for adoption. The term "placed" means the assumption and retention by you of a legal obligation for total or partial support of the Child in anticipation of adoption of the Child. The Child must be available for adoption and the legal process must have commenced.

"Legal Guardian" means a person recognized by a court of law as having the duty of taking care of the person and managing the property and rights of an individual that is placed with such person by judgment, decree or other order of any court of competent jurisdiction.

The Plan Administrator, in its sole discretion, shall have the right to require documentation necessary to establish an individual's status as an eligible Dependent.

When You and Your Dependent are Covered Employees

When both you and your Dependent are covered Employees, each of you must choose coverage as either an Employee or as a Dependent. You may not be covered under this Plan as both an Employee and a Dependent. Eligible Dependent Children of 2 covered Employees may not be enrolled as Dependents of both Employees, whether the Employees are married or unmarried.

Court Ordered Coverage for a Child

Federal law requires the Plan, under certain circumstances, to provide coverage for your Children. The details of these requirements are summarized below.

The Plan Administrator shall enroll for immediate coverage under this Plan any Child, who is the subject of a "qualified medical child support order" ("QMCSO"). If you are ordered to provide such coverage for a Child and you are not enrolled in the Plan at the time the Plan Administrator receives a QMCSO, the Plan Administrator shall also enroll you for immediate coverage under this Plan. Coverage under the Plan will be effective as of the later of the date specified in the order or the date the Plan Administrator determines that the order is a QMCSO. Any required contribution for coverage pursuant to this section will be deducted from your pay in accordance with the Employer's payroll schedule and policies.

A QMCSO is defined as a child support decree or order issued by a court (or a state administrative agency that has the force and effect of law under applicable state law) that obligates you to support or provide health care coverage to your child and includes certain information concerning such coverage. The Plan Administrator will determine whether any child support order it receives constitutes a QMCSO. Except for QMCSO's, no child is eligible for Plan coverage, even if you are required to provide coverage for that child under the terms of a separation agreement or court order, unless the child is an eligible Child under this Plan. Procedures for determining a QMCSO may be obtained, free of charge, by contacting the Plan Administrator.

Timely Enrollment

Once you are eligible to participate in the Plan, you must enroll for coverage by completing all election and enrollment forms and submitting them to the Plan Administrator within 31 days after satisfaction of the eligibility requirements. If you are required to contribute towards the cost of coverage you must complete and submit a payroll deduction authorization for the Plan Administrator to deduct the required contribution from your pay. In addition, as part of the enrollment requirements, you will be required to provide your social security number, as well as the social security numbers of your Dependents. The Plan Administrator may request this information at any time for continued eligibility under the Plan. Failure to provide the required social security numbers may result in loss of eligibility or loss of continued eligibility under the Plan.

If you are declining enrollment for yourself and/or your Dependents (including your Spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself or your Dependents in this Plan if you or your Dependents lose eligibility for that other coverage, or if the employer stops contributing towards your or your Dependents' other coverage. (See the Special Enrollment Event section below for details.) However, you must request enrollment within 31 days after you or your Dependents' other coverage ends (or after the employer stops contributing toward the other coverage). To be eligible for these Special Enrollment rights you must have completed a waiver when you were first eligible stating that you were declining because of other group health insurance coverage.

In addition, if you have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your Dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

In the case of marriage, eligible individuals must submit their enrollment forms prior to the Effective Dates of coverage in order for salary reductions to have preferred tax treatment from the date coverage begins.

If you fail to complete and submit the appropriate election and enrollment forms within the 31-day period described above, you will not be eligible to enroll in the Plan until the next open enrollment period or unless you experience a Special Enrollment Event or a Status Change Event.

Open Enrollment Period

You and your Dependents may enroll for coverage during the Plan's open enrollment period, designated by the Plan Sponsor and communicated to you prior to such open enrollment period. During this time you will be permitted to make changes to any existing benefit elections. Benefit elections made during the open enrollment period will be effective as of January 1 and will remain in effect until the next open enrollment period unless you or your Dependent experiences a Special Enrollment Event or Status Change Event.

Late Enrollment

If you did not enroll during your original 31-day eligibility period you may do so by making written application to the Plan Administrator during the annual open enrollment period (refer to annual open enrollment period section above). In these circumstances, you and/or your eligible Dependents will be considered Late Enrollees.

Special Enrollment Event

A special enrollment event occurs when you or your Dependents suffer a loss of other health care coverage, when you become eligible for a state premium assistance subsidy or acquire a new Dependent as a result of marriage, birth, adoption or placement for adoption. In these circumstances, you and/or your eligible Dependents will be considered Special Enrollees.

Each special enrollment event is more fully described below:

- (1) **Loss of Other Coverage (other than under Medicaid or SCHIP).** If you declined enrollment for yourself or your Dependents (including your Spouse) because you or your Dependents had other health coverage (including coverage under a group health plan sponsored by a governmental or educational institution, a medical care program of the Indian Health Service or of a tribal organization), you may enroll for coverage for yourself and/or your Dependents under this Plan if the other health coverage is lost as a result of one of the following provided, however, you submitted a written statement to the Plan Administrator when you and/or your Dependents were initially eligible stating that other health coverage was the reason for declining enrollment under this Plan:
 - (a) The other health coverage was under COBRA and the maximum continuation period available under COBRA has been exhausted;
 - (b) Loss of eligibility under the other health coverage for reasons other than non-payment of the required contribution or premium, making a fraudulent claim or intentional misrepresentation of a material fact in connection with the other plan; or
 - (c) Employer contributions cease for the other health coverage.

If you are already enrolled in a benefit option available under the Plan and your Dependent lost his or her other health coverage, you may enroll in a different benefit option available under the Plan due to the special enrollment event of your Dependent.

You must submit the appropriate election and enrollment forms to the Plan Administrator within 31 days after the date the other health coverage was lost. Coverage under the Plan will become effective on the next day following the date the other health coverage was lost provided you submit the appropriate election and enrollment forms to the Plan Administrator.

- (2) **Loss of Coverage under Medicaid or SCHIP or Eligibility for a State Premium Assistance Subsidy.** If you or your Dependents did not enroll in the Plan when initially eligible because you and/or your Dependents were covered under Medicaid or a state sponsored Children's Health Insurance Program (SCHIP) and your coverage terminates because you or your Dependents are no longer eligible for Medicaid or SCHIP or you or your Dependents become eligible for a state premium assistance subsidy under Medicaid or SCHIP, you may enroll for coverage under this Plan for yourself and your Dependents after Medicaid or SCHIP coverage terminates or after you or your Dependents' eligibility for a state assistance subsidy under Medicaid or SCHIP is determined.

You must submit the appropriate election and enrollment forms to the Plan Administrator within 60 days after coverage under Medicaid or SCHIP terminates or within 60 days after eligibility for a state premium assistance subsidy under Medicaid or SCHIP is determined. Coverage under the Plan will become effective on the next day following the date the other health coverage was lost or eligibility for a state premium assistance subsidy is determined provided you submit the appropriate election and enrollment forms to the Plan Administrator.

- (3) **Acquisition of a New Dependent.** If you acquire a new Dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll for coverage under this Plan for yourself and your Dependents. You must submit the appropriate election and enrollment forms to the Plan Administrator within 31 days after the date you acquire such Dependent.
- (a) Coverage becomes effective for a Dependent Child who is born after the date your coverage becomes effective as of such Child's date of birth provided you complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 31 days after the Child's birth. Failure to enroll in the Plan within this 31-day period will result in no coverage under the Plan.
 - (b) Coverage for a newly acquired Dependent due to marriage will be effective on the date of marriage provided you complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 31 days after your date of marriage. Eligible individuals must submit their enrollment forms prior to the effective dates of coverage in order for salary reductions to have preferred tax treatment from the date coverage begins. Failure to enroll in the Plan within the 31-day period described above will result in no coverage under the Plan.
 - (c) Coverage for a newly acquired Dependent due to adoption (or placement with you in anticipation of adoption) will be effective as of the date of adoption (or placement in anticipation of adoption) provided you complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 31 days after adoption or placement in anticipation of adoption, as applicable. Failure to enroll in the Plan within the 31-day period described above will result in no coverage under the Plan.

Status Change Event

Generally your election under the Plan will remain in effect for the entire Plan Year unless you experience a Special Enrollment Event (described above) or a Status Change Event (as permitted by the Employer's Section 125 Plan). If a Status Change Event occurs you may make a new election under the Plan provided your new election is consistent with the Status Change Event.

You must submit the appropriate election and enrollment forms to the Plan Administrator within 31 days after the Status Change Event. Coverage under the Plan will become effective on the next day following the date of the Status Change Event provided you submit the appropriate election and enrollment forms to the Plan Administrator.

TERMINATION OF COVERAGE

Termination of Employee Coverage

Coverage under the Plan will terminate on the earliest of the following dates:

- (1) The date the Plan terminates, in whole or in part.
- (2) If you fail to make any contribution when it is due, the beginning of the period for which a required contribution has not been paid.
- (3) The date you report to active military service, unless coverage is continued through the Uniformed Services Employment and Reemployment Rights Act (USERRA) as explained below.
- (4) The end of the month in which you cease to be eligible for coverage under the Plan.
- (5) The end of the month in which you terminate employment or cease to be included in an eligible class of Employees.
- (6) The date you (or any person seeking coverage on your behalf) performs an act, practice or omission that constitutes fraud.
- (7) The date you (or any person seeking coverage on your behalf) makes an intentional misrepresentation of a material fact.
- (8) If an Employee becomes ineligible for coverage under the Plan due to a reduction in work-hours below the minimum number of hours an Employee is required to work per week to be eligible to enroll in coverage, the Employee's coverage will terminate upon the start of the next Stability Period.

Termination of Dependent Coverage

Coverage under the Plan will terminate on the earliest of the following dates:

- (1) The date the Plan terminates, in whole or in part.
- (2) The date the Plan discontinues coverage for Dependents.
- (3) The date coverage terminates for the Employee.
- (4) If you and/or your Dependents fail to make any contribution when it is due, the beginning of the period for which a required contribution has not been paid.
- (5) The date the Dependent Spouse reports to active military service.
- (6) The end of the month in which a Dependent ceases to be a Dependent as defined by the Plan.
- (7) The date your Dependent (or any person seeking coverage on behalf of your Dependent) performs an act, practice or omission that constitutes fraud.
- (8) The date your Dependent (or any person seeking coverage on behalf of your Dependent) makes an intentional misrepresentation of a material fact.

Retroactive Termination of Coverage

Except in cases where you and/or your covered Dependents fail to pay any required contribution to the cost of coverage, the Plan will not retroactively terminate coverage under the Plan unless you and/or your covered Dependents (or a person seeking coverage on behalf of you and/or your covered Dependents) performs an act, practice or omission that constitutes fraud with respect to the Plan or unless the individual makes an intentional misrepresentation of material fact. In such cases, the Plan will provide at least 30 days advance written notice to you or your covered Dependent who is affected before coverage will be retroactively terminated. As provided above, coverage may be retroactively terminated in cases where required employee contributions have not been paid by the applicable deadline. In those cases, no advance written notice is required.

Continuation of Coverage under the Family and Medical Leave Act (FMLA)

The Plan shall at all times comply with the Family and Medical Leave Act of 1993 (FMLA), as amended and as promulgated in regulations issued by the Department of Labor.

During any leave taken under the FMLA, you may maintain coverage under the Plan on the same conditions as coverage would have been provided if you had been continuously employed during the leave period. Failure to make required payments within 30 days of the due date established by your Employer will result in the termination of coverage for you and/or your eligible Dependents.

If you fail to return to work after the FMLA leave, the Employer may have the right to recover its contributions toward the cost of coverage during the FMLA leave.

If coverage under the Plan terminates during the FMLA leave, coverage will be reinstated for you and your covered Dependents if you return to work at the end of the FMLA leave.

Continuation of Coverage under State Family and Medical Leave Laws

To the extent this Plan is required to comply with a state family and medical leave law that is more generous than the FMLA, continuation of coverage under this Plan will be provided in accordance with such state family and medical leave law, as well as under FMLA.

Continuation of Coverage under USERRA

You may elect to continue Plan coverage under the Uniformed Services Employment and Reemployment Rights Act (USERRA) if you are absent from work due to military service in the Uniformed Services (as defined under USERRA). You may elect to continue coverage for yourself and any of your Dependents that were covered under the Plan at the time of your leave. Your eligible Dependents do not have an independent right to elect coverage under USERRA; therefore unless you elect to continue coverage on their behalf, your eligible Dependents will not be permitted to continue coverage under USERRA separately.

To elect coverage under USERRA, you must submit your election to continue coverage under USERRA, on a form prescribed by the Plan Administrator to the Plan Administrator within 60 days after the date of your leave. Coverage under the Plan will become effective as of the date of your leave and will continue for the lesser of (a) 24 months (beginning on the date your absence begins); or (b) the period of time beginning on the date your absence begins and ending on the day after the date you return to employment with the Employer or fail to apply for or return to employment with the Employer within the time limit applicable under USERRA.

If your leave is 31 days or more, you will be required to pay up to 102% of the full contribution under the Plan. If your leave is 30 days or less, you will not be required to pay more than the amount (if any) you would have paid had you remained an active Employee of the Employer. Your Employer will notify you of the procedures for making payments under this Plan.

Continuation coverage provided under USERRA counts towards the maximum coverage period under COBRA continuation coverage.

An Employee returning from USERRA-covered military leave who participated in the Plan immediately before going on USERRA leave has the right to resume coverage under the Plan upon return from USERRA leave, as long as the Employee resumes employment within the time limit that applies under USERRA. No waiting period will apply to an Employee returning from USERRA leave (within the applicable time period) unless the waiting period would have applied to the Employee if the Employee had remained continuously employed during the period of military leave.

ELIGIBLE MEDICAL EXPENSES

Eligible expenses shall be the charges actually made for services provided to the Covered Person and will be considered eligible only if the expenses are:

- (1) Routine care or preventive services provided such services are ordered and performed by a Physician and not otherwise excluded under the Plan; or
- (2) Due to Illness or Injury provided such services are ordered and performed by a Physician, Medically Necessary and not otherwise excluded under the Plan.

Reimbursement for eligible expenses will be made directly to the provider of the service, unless a receipt showing payment is submitted. All eligible expenses Incurred at a Participating Provider will be reimbursed to the provider.

- (1) **Allergy Services:** Allergy testing, serum and injections. Eligible expenses will be payable as shown in the Medical Schedule of Benefits.

Coverage for prenatal care is limited to pregnancy-related Physician office visits including the initial and subsequent history and physical exams of the pregnant woman. Eligible charges for a sterilization procedure and all ancillary services will be covered when sterilization is the primary purpose of the services provided and/or if it is performed as a standalone procedure and billed as such. However, complications arising following a sterilization procedure are not covered as preventive services. Covered Expenses do not include charges for a sterilization procedure to the extent the procedure was

not billed separately by the provider or because it was not the primary purpose of the procedure. To the extent sterilization is part of another procedure and/or is not a separate line on the bill, the sterilization procedure is not a Covered Expense.

- (G) Breastfeeding support, supplies and counseling in conjunction with each birth, including the following:

AETNA INSTITUTE OF EXCELLENCE (IOE) PROGRAM

The Institute of Excellence (IOE) is a facility that contracted with Aetna to furnish particular services and supplies to you in connection with one or more highly specialized medical procedures. The maximum charge made by the IOE for such services and supplies will be the amount agreed to between Aetna and the IOE.

Transplant Expenses

Once it has been determined that you or one of your eligible Dependents may require an organ transplant, you or your Physician must call the Medical Management Program Administrator to discuss coordination of your transplant care. Aetna will coordinate all transplant services. In addition, you must follow any precertification requirements. Organ means solid organ; stem cell; bone marrow and tissue.

Benefits may vary if an IOE facility or a non-IOE facility is used. In addition, some expenses listed below are payable only within the IOE network. The IOE facility must be specifically approved and designated by Aetna to perform the procedure you require. A transplant will be covered at the Participating Provider level only if performed in a facility that has been designated as an IOE facility or that is an Aetna Participating Provider facility that has a single case rate agreement between an Aetna Participating Provider and Aetna for the type of transplant in question. Any treatment or service related to transplants that are provided by a facility that is not specified as an IOE network facility or that is not an Aetna Participating Provider facility that has a single case rate agreement between an Aetna Participating Provider and Aetna, even if the facility is considered a Participating Provider for other types of services, will be covered at the Non-Participating Provider level. Please read each section below carefully.

Specialty Drugs must be obtained directly from the specialty pharmacy program after one fill at a retail pharmacy. For additional information, please contact the Prescription Drug Card Program Administrator.

This Plan will consider as a Generic Drug any Food and Drug Administration approved generic pharmaceutical dispensed according to the professional standards of a licensed pharmacist and clearly designated by the pharmacist as being generic.

Prescription Drug: Any of the following: (a) a Food and Drug Administration-approved drug or medicine, which, under federal law, is required to bear the legend, "Caution: federal law prohibits dispensing without prescription"; (b) injectable insulin; or (c) hypodermic needles or syringes, but only when dispensed upon a written prescription of a licensed Physician. COBRA CONTINUATION COVERAGE

The right to COBRA Continuation Coverage was created by a federal law known as the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (“COBRA”). COBRA Continuation Coverage can become available to you and/or your eligible Dependents when your coverage under the Plan ends because of a life event known as a “qualifying event”.

Qualified Beneficiary

In general, you, your Spouse and any Dependent Child covered under the Plan on the day before a qualifying event that causes you to lose coverage under the Plan is considered a “qualified beneficiary”.

In addition, any Dependent Child who is born to or placed for adoption with you during a period of COBRA continuation coverage is considered a “qualified beneficiary”.

Each qualified beneficiary (including a Child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage) is offered the opportunity to make an independent election to receive COBRA continuation coverage.

Qualifying Event

If you are a covered Employee, you, your Spouse and/or Dependent Child will become a qualified beneficiary if you lose your coverage under the Plan because of either one of the following qualifying events:

- (1) Your hours of employment are reduced; or
- (2) Your employment ends for any reason other than your gross misconduct.

You, your Spouse and/or Dependent Child may elect to continue coverage under the Plan for up to a maximum period of 18 months provided you elect to enroll in COBRA within 60 days following the later of (a) the date coverage under the Plan would end due to the qualifying event; or (b) the date you are given notice of your rights to elect COBRA Continuation Coverage.

You, your Spouse and Dependent Child have an independent right to elect COBRA Continuation Coverage. You and/or your Spouse may elect coverage on behalf of either one of you and parents may elect coverage on behalf of their Dependent Child.

If you are the Spouse and/or Dependent Child of a covered Employee, you will also become a qualified beneficiary if you lose your coverage under the Plan because of any of the following qualifying events:

- (1) Your spouse/parent-Employee dies;
- (2) Your spouse/parent-Employee becomes entitled to Medicare benefits (under Part A, Part B or both); or
- (3) You/your parents become divorced or legally separated.

Your Spouse and/or Dependent Child may elect to continue coverage under the Plan for up to a maximum period of 36 months provided such Spouse and/or Dependent Child provide notice of the qualifying event to the Employer and elect to enroll in COBRA within 60 days following the later of (a) the date coverage under the Plan would end due to the qualifying event; or (b) the date they are given notice of their rights to elect COBRA Continuation Coverage and their obligation to provide such notice. Please see the section below entitled “Notice Requirement” for the requirements of such notice.

If you are a Dependent Child of a covered Employee, you will also become a qualified beneficiary if you lose coverage under the Plan because you cease to be eligible for coverage under the Plan as a Dependent Child. You may elect to continue coverage under the Plan for up to a maximum period of 36 months provided you provide notice of the qualifying event to the Employer and elect to enroll in COBRA within 60 days following the later of; (a) the date coverage under the Plan would end due to the qualifying event; or (b) the date you are given notice of your rights to elect COBRA Continuation Coverage and your obligation to provide such notice. Please see the section below entitled “Notice Requirement” for the requirements of such notice.

Extension of 18-Month Continuation Coverage Period

If you, your Spouse or Dependent Child is determined to be disabled by the Social Security Act (SSA); you and all other qualified beneficiaries may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 61st day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. To qualify for this extension in coverage, notification must be given to your Employer on a date that is both within 60 days after the later of (a) the date of the SSA determination; (b) the date coverage under the Plan would end due to the qualifying event; or (c) the date you are given notice of your obligation to provide such notice and before the end of the initial 18-month period of coverage. If you are later determined not disabled by SSA, you must notify your Employer within 30 days following the later of (a) the date of the SSA determination; or (b) the date you are given notice of your obligation to provide such notice. Please see the section below entitled "Notice Requirement" for the requirements of such notice.

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, your Spouse and any Dependent Child in your family may be entitled to receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months. To qualify for this extension in coverage, notification must be given to your Employer within 60 days after the later of (a) the date coverage under the Plan would end due to the qualifying event or (b) the date you are given notice of your obligation to provide such notice. Please see the section below entitled "Notice Requirement" for the requirements of such notice.

Notice Requirement

The notice must be postmarked (if mailed) or received by the COBRA Administrator (if hand delivered), by the deadline set forth above. If the notice is late, the opportunity to elect or extend COBRA continuation coverage is lost and if you are electing COBRA continuation coverage, your coverage under the Plan will terminate on the last date for which you are eligible under the terms of the Plan or if you are eligible for an extension of COBRA continuation coverage, such coverage will end on the last day of the initial 18-month COBRA continuation coverage period.

For qualifying events such as divorce or legal separation of the Employee and Spouse or a Dependent Child's loss of eligibility under the Plan, the notice must contain the following information:

- (1) Name and address of the covered Employee or former employee;
- (2) Name and address of your Spouse, former Spouse and any Dependent Children;
- (3) Description of the qualifying event; and
- (4) Date of the qualifying event.

In addition to the information above, if you, your Spouse or any Dependent Child is determined by SSA to be disabled within 60 days after your COBRA continuation coverage begins, the notice must also contain the following information:

- (1) Name of person deemed disabled;
- (2) Date of disability determination; and
- (3) Copy of SSA determination letter.

If you cannot provide a copy of the SSA's determination by the deadline, complete and provide the notice as instructed and submit the copy of the decree of divorce or the SSA's determination within 30 days after the deadline. The notice will be timely if you do so. However, no COBRA continuation coverage or extension of such coverage will be available until the copy of the SSA's determination is provided.

If the notice does not contain all of the required information, the COBRA Administrator may request additional information. If the individual fails to provide such information within the time period specified in the request, the notice may be rejected.

In addition to accepting a letter with the information described above, the Plan Administrator, in its discretion, may develop and make available a form, which may then be completed to provide the required notice. If such a form is available, a covered Employee or a covered Spouse may obtain a copy by requesting it from the Plan Administrator at the address provided in this notice.

Notice must be sent to the COBRA Administrator at:

Meritain Health, Inc.
ATTN: COBRA Department
P.O. Box 860093
Minneapolis, MN 55486-0093
Fax: (716) 319-5736

Termination of COBRA Continuation Coverage

COBRA continuation coverage automatically ends 18, 29 or 36 months (whichever is applicable) after the date of the qualifying event; however coverage may end before the end of the maximum period on the earliest of the following events:

- (1) The date the Plan Sponsor ceases to provide any group health plan coverage;
- (2) The date on which the qualified beneficiary fails to pay the required contribution;
- (3) The date that the qualified beneficiary first becomes, after the date of election, covered under any other group health plan (as an Employee or otherwise) or entitled to either Medicare Part A or Part B (whichever comes first); or
- (4) The first day of the month that begins more than 30 days after the date of the SSA's determination that the qualified beneficiary is no longer disabled, but in no event before the end of the maximum coverage period that applied without taking into consideration the disability extension.

Payment for COBRA Continuation Coverage

Once COBRA continuation coverage is elected, you must pay for the cost of the initial period of coverage within 45 days. Payments then are due on the first day of each month to continue coverage for that month. If a payment is not received within 30 days of the due date, COBRA continuation coverage will be canceled and will not be reinstated. The amount you are required to pay for COBRA continuation coverage is 102% of the actual cost of coverage you elect, unless you qualify for the 11-month period of extended coverage due to disability (as specified above). In the event of disability, you may be required to pay up to 150% of the actual cost of coverage you elect for the 11-month extension period.

Additional Information

Additional information about the Plan and COBRA continuation coverage is available from the Plan Administrator, who is identified on the General Plan Information page of this Plan.

Current Addresses

In order to protect your rights and the rights of your family, you should keep the Plan Administrator informed of any changes in the addresses of family members.

Other Coverage Options Besides COBRA Continuation Coverage

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

CLAIM PROCEDURES

You will receive an Employee identification card which will contain important information, including claim filing directions and contact information. The Employee identification card will show your Participating Provider Network and the Medical Management Administrator.

At the time you receive treatment, show the Employee identification card to your provider of service. In most cases, your provider will file your claim for you. You may file the claim yourself by submitting the required information to:

Meritain Health, Inc.
P.O. Box 853921
Richardson, TX 75085-3921
(800) 925-2272

Most claims under the Plan will be "post service claims." A "post service claim" is a claim for a benefit under the Plan after the services have been rendered. Post service claims must include the following information in order to be considered filed with the Plan:

- (1) The date of service;
- (2) The name, address, telephone number and tax identification number of the provider of the services or supplies;
- (3) The place where the services were rendered;
- (4) The diagnosis and procedure codes;
- (5) The amount of charges (including Network repricing information);
- (6) The name of the Plan;
- (7) The name of the covered Employee; and
- (8) The name of the patient.

A call from a provider who wants to know if an individual is covered under the Plan or if a certain procedure or treatment is a Covered Expense before the treatment is rendered, is not a "claim" since an actual written claim for benefits is not being filed with the Plan. Likewise, presentation of a prescription to a pharmacy does not constitute a claim.

Timely Filing

All claims must be filed with the Third Party Administrator within 12 months following the date services were Incurred. Claims filed after this time period will be denied.

Procedures for all Claims

The Plan's claim procedures are intended to reflect the Department of Labor's claims procedures regulations and should be interpreted accordingly. In the event of any conflict between this Plan and those Regulations, those Regulations will control. In addition, any changes in those Regulations shall be deemed to amend this Plan automatically, effective as of the date of those changes.

To receive benefits under the Plan, the claimant (i.e. you and your covered Dependents) must follow the procedures outlined in this section. There are 4 different types of claims: (1) Urgent Care Claims; (2) Concurrent Care Claims; (3) Pre-Service Claims; and (4) Post-Service Claims. The procedures for each type of claim are more fully described below:

- (1) **Urgent Care Claims.** If your claim is considered an urgent care claim, the Plan Administrator will notify you of the Plan's benefit determination (whether adverse or not) as soon as possible, taking into account the medical exigencies, but not later than 72 hours after the Plan receives the claim, unless you fail to provide sufficient information to determine whether or to what extent, benefits are covered or payable under the Plan. If you fail to provide sufficient information for the Plan to decide your claim, the Plan Administrator will notify you as soon

as possible, but not later than 24 hours after the Plan receives the claim, of the specific information necessary to complete the claim. The notification may be oral unless written notification is requested by you. You will be afforded a reasonable amount of time, taking into account the circumstances, but not less than 48 hours, to provide the specified information. The Plan Administrator will notify you of the Plan's determination as soon as possible, but in no case later than 48 hours after the earlier of (1) the Plan's receipt of the specified additional information or (2) the end of the period afforded the claimant to provide the specified additional information.

A claim for benefits is considered an urgent care claim if the application of the time periods for making non-urgent care determinations could seriously jeopardize your life or health or your ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, would subject you to severe pain that could not be adequately managed without the care or treatment which is the subject of the claim. In determining if the initial claim for benefits should be treated as an urgent care claim, the Plan will defer to a determination, if any, by an attending provider that the claim should be treated as an urgent care claim, if that determination is timely provided to the Plan.

- (2) **Concurrent Care Claims.** If the Plan has approved an ongoing course of health care treatment to be provided over a period of time or number of treatments, any reduction or termination by the Plan of the previously approved course of treatment (other than by Plan amendment or termination) before the approved time period or number of treatments constitutes an adverse determination. In such a case, the Plan Administrator will notify you of the adverse determination at a time sufficiently in advance of the reduction or termination to allow you, the claimant, to appeal and obtain a determination on review of that adverse determination before reduction or termination of the benefit.

Any request by you to extend a previously approved course of urgent care treatment beyond the approved period of time or number of treatments shall be decided as soon as possible, taking into account the medical exigencies and the Plan Administrator will notify you of the benefit determination, whether adverse or not, within 24 hours after the Plan receives the claim provided that any such claim is made to the Plan at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

- (3) **Pre-Service Claims.** For a pre-service claim, the Plan Administrator will notify you of the Plan's benefit determination (whether adverse or not) within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after the Plan receives the claim. If, due to matters beyond the control of the Plan, the Plan Administrator needs additional time to process a claim, the Plan Administrator may extend the time to notify you of the Plan's benefit determination for up to 15 days provided that the Plan Administrator notifies you within 15 days after the Plan receives the claim, of those special circumstances and of when the Plan Administrator expects to make its decision. However, if such an extension is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension must specifically describe the required information and you will be afforded at least 45 days from receipt of the notice within which to provide the specified information.

A claim for benefits is considered a pre-service claim if the claim requires approval, in part or in whole, in advance of obtaining the health care in question.

- (4) **Post-Service Claims.** For a post-service claim, the Plan Administrator will notify you of the Plan's adverse determination within a reasonable period of time, but not later than 30 days after receipt of the claim. If, due to special circumstances, the Plan Administrator needs additional time to process a claim, the Plan Administrator may extend the time for notifying you of the Plan's benefit determination on a one-time basis for up to 15 days provided that the Plan Administrator notifies you within 30 days after the Plan receives the claim, of those special circumstances and of the date by which the reviewer expects to make a decision. However, if such a decision is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension will specifically describe the required information and you will be afforded at least 45 days from receipt of the notice within which to provide the specified information.

A claim for benefits is considered a post-service claim if it is a request for payment for services or other benefits that you have already received (or any other claim for health benefits that is not a pre-service claim or an urgent care claim).

Manner and Content of Notice of Initial Adverse Determination

If the Plan Administrator denies a claim, it must provide to you in writing or by electronic communication:

- (1) An explanation of the specific reasons for the denial;
- (2) A reference to the Plan provision or insurance contract provision upon which the denial is based;
- (3) A description of any additional information or material that you must provide in order to perfect the claim;
- (4) An explanation of why the additional material or information is necessary;
- (5) Notice that you have the right to request a review of the claim denial and information on the steps to be taken if you wish to request a review of the claim denial along with the time limits applicable to a request for review;
- (6) A statement describing your right to request an external review (or, if applicable, to request a second level appeal) or, if applicable, to bring an action under ERISA Section 502(a);
- (7) A copy of any rule, guideline, protocol or other similar criterion relied upon in making the adverse determination (or a statement that the same will be provided upon your request and without charge); and
- (8) If the adverse determination is based on the Plan's Medical Necessity, Experimental treatment or similar exclusion or limit, either: (a) an explanation of the scientific or clinical judgment applying the exclusion or limit to your medical circumstances or (b) a statement that the same will be provided upon your request and without charge.

Any notice of adverse determination also will include the following information:

- (1) Information sufficient to identify the claim involved, including the date of service, the health care provider and the claim amount (if applicable);
- (2) As part of the explanation of the determination, a discussion of the decision, as well as disclosure of any denial code used (and an explanation of its meaning) and a description of the Plan's standard, if any, that was used in denying the claim;
- (3) A description of available internal appeals and external review processes, including information regarding how to initiate an appeal;
- (4) Information (including contact information) about the availability of any applicable office of health insurance consumer assistance or ombudsmen established pursuant to the Patient Protection and Affordable Care Act (PPACA) to assist individuals with internal claims and appeals and external review processes; and
- (5) A statement describing the availability, upon request, of any applicable diagnosis code (and an explanation of its meaning) and any applicable treatment code (and an explanation of its meaning).

For an adverse determination concerning an urgent care claim, the information described in this Section may be provided to you orally within the permitted time frame provided that a written or electronic notification in accordance with this section is furnished to you no later than 3 days after the oral notification.

Internal Review of Initial Adverse Benefit Determination

If you submit a claim for Plan benefits and it is initially denied under the procedures described above, you may request a review of that denial under the procedures described below.

You have 180 days after you receive notice of an initial adverse determination within which to request a review of the adverse determination. For a request for a second level appeal, you have 60 days after you receive notice of an adverse determination at the first level of appeal to request a second level appeal of the adverse determination.

If you request a review of an adverse determination within the applicable time period, the review will meet the following requirements:

- (1) The Plan will provide a review that does not afford deference to the adverse determination that is being appealed and that is conducted by an appropriate named fiduciary of the Plan who did not make the adverse determination that is the subject of the appeal and who is not a subordinate of the individual who made that adverse determination.

- (2) The appropriate named fiduciary of the Plan will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment before making a decision on review of any adverse determination based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, drug or other item is Experimental and/or Investigational or not Medically Necessary or appropriate. The professional engaged for purposes of a consultation in the preceding sentence will be an individual who is neither an individual who was consulted in connection with the adverse determination that is the subject of the appeal, nor a subordinate of any such individual.
- (3) The Plan will identify any medical or vocational experts whose advice is obtained on behalf of the Plan in connection with the Plan's review of an adverse determination, without regard to whether the advice is relied upon in making the adverse determination on review.
- (4) For a requested review of an adverse determination involving an urgent care claim, the review process will meet the expedited deadlines described below. Your request for such an expedited review may be submitted orally or in writing and all necessary information, including the Plan's determination on review, will be transmitted between the Plan and you by telephone, facsimile or other available similarly expeditious method.
- (5) The reviewer will afford you an opportunity to review and receive, without charge, all relevant documents, information and records relating to the claim and to submit issues and comments relating to the claim in writing to the Plan. The reviewer will take into account all comments, documents, records and other information submitted by the claimant relating to the claim regardless of whether the information was submitted or considered in the initial benefit determination.
- (6) You will be provided, free of charge, any new or additional evidence or rationale considered, relied upon or generated by the Plan in connection with the claim. Such evidence or rationale will be provided as soon as possible and sufficiently in advance of the Plan's deadline for providing notice of its determination on review to give you a reasonable opportunity to respond prior to such determination.
- (7) The Plan will ensure that all claims are adjudicated in a manner designed to ensure the independence and impartiality of the persons involved in making the decisions.
- (8) The Plan will provide you with continued coverage pending the outcome of an internal appeal.

All requests for review of initial adverse benefit determinations (including all relevant information) must be submitted to the following address:

Apta Care Coordinators
Appeals Department
7450 Huntington Park Dr, Suite 100
Columbus, OH 43235

Deadline for Internal Review of Initial Adverse Benefit Determinations

- (1) **Urgent Care Claims.** The Plan provides for 2 levels of appeal for urgent care claims. For each level of appeal, the reviewer will notify you of the Plan's determination on review as soon as possible, taking into account the medical exigencies, but not later than 36 hours after the Plan receives your request for review of the initial adverse determination (or of the first-level appeal adverse determination).
- (2) **Pre-Service Claims.** The Plan provides for 2 levels of appeal for a pre-service claim. At each level of appeal, the reviewer will notify you of the Plan's determination on review within a reasonable period of time appropriate to the medical circumstances, but in no event later than 15 days after the Plan receives your request for review of the initial adverse determination (or of the first-level appeal adverse determination).
- (3) **Post-Service Claims.** The Plan provides for 2 levels of appeal for a post-service claim. At each level of appeal, the reviewer will notify you of the Plan's determination on review within a reasonable period of time appropriate to the medical circumstances, but in no event later than 30 days after the Plan receives your request for review of the initial adverse determination (or of the first-level appeal adverse determination).

Manner and Content of Notice of Decision on Internal Review of Initial Adverse Benefit Determinations

Upon completion of its review of an initial adverse determination (or a first-level appeal adverse determination), the reviewer will give you, in writing or by electronic notification, a notice of its benefit determination. For an adverse determination, the notice will include:

- (1) A description of the Plan's decision;
- (2) The specific reasons for the decision;
- (3) The relevant Plan provisions or insurance contract provisions on which its decision is based;
- (4) A statement that you are entitled to receive, upon request and without charge, reasonable access to and copies of, all documents, records and other information in the Plan's files which is relevant to your claim for benefits;
- (5) A statement describing your right to request an external review (or, if applicable, to request a second level appeal) or, if applicable, to bring an action under ERISA Section 502(a);
- (6) If an internal rule, guideline, protocol or other similar criterion was relied upon in making the adverse determination on review, a statement that a copy of the rule, guideline, protocol or other similar criterion will be provided without charge to you upon request;
- (7) If the adverse determination on review is based on a Medical Necessity, Experimental treatment or similar exclusion or limit, either: (a) an explanation of the scientific or clinical judgment on which the determination was based, applying the terms of the Plan to the claimant's medical circumstances or (b) a statement that such an explanation will be provided without charge upon request; and
- (8) The following statement: "You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and, if your benefit is an insured benefit, your state insurance regulatory agency."

Any notice of adverse determination will include the following information:

- (1) Information sufficient to identify the claim involved, including the date of service, the health care provider and the claim amount (if applicable);
- (2) As part of the explanation of the determination, a discussion of the decision, as well as disclosure of any denial code used (and an explanation of its meaning) and a description of the Plan's standard, if any, that was used in denying the claim;
- (3) A description of available internal appeals and external review processes, including information regarding how to initiate an appeal;
- (4) Information (including contact information) about the availability of any applicable office of health insurance consumer assistance or ombudsmen established pursuant to the Patient Protection and Affordable Care Act (PPACA) to assist individuals with internal claims and appeals and external review processes; and
- (5) A statement describing the availability, upon request, of any applicable diagnosis code (and an explanation of its meaning) and any applicable treatment code (and an explanation of its meaning).

Calculation of Time Periods

For purposes of the time periods described in the Plan's claim procedures, the period of time during which a benefit determination is required to be made begins at the time a claim (or a request for review of an adverse benefit determination) is filed in accordance with the Plan procedures without regard to whether all the information necessary to make a decision accompanies the request. If a period of time is extended due to your failure to submit all information necessary for a claim for non-urgent care benefits, the period for making the determination is "frozen" from the date the notification requesting the additional information is sent to you until the date you respond or, if earlier, until 45 days from the date you receive (or were reasonably expected to receive) the notice requesting additional information.

Adverse Determination

For purposes of the Plan's claim procedures, an "adverse determination" is a denial, reduction or termination of or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination or failure to provide or make payment that is based on a determination of an individual's eligibility to participate in the Plan and including a denial, reduction or termination of or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental and/or Investigational or not Medically Necessary or appropriate. Adverse determination also includes any rescission of coverage, whether or not, in connection with the rescission, there is an adverse effect on any particular benefit at the time of rescission.

Plan's Failure to Follow Procedures

If the Plan fails to follow the claim procedures described above, you will be deemed to have exhausted the Plan internal claim procedures and you will be entitled to pursue any available remedy (including any available external review process) under state or federal law on the basis that the Plan has failed to provide a reasonable claims procedure that would yield a decision on the merits of the claim.

However, the Plan will not be treated as failing to follow its claim procedures and you will not be deemed to have exhausted the Plan's administrative remedies merely because of a failure by the Plan that would be considered (based on applicable regulations) a "*de minimis* violation" that does not cause and is not likely to cause prejudice or harm to you as long as the Plan can demonstrate that the violation was for good cause or due to matters beyond the control of the Plan and that the violation occurred in the context of an ongoing, good faith exchange of information between the Plan and you. You may request a written explanation of any violation by the Plan of these procedures. If you request such an explanation, the Plan will provide it within 10 days and, if applicable, the explanation will include a specific description of the Plan's reasons for asserting that the violation does not cause the Plan's internal claim procedures to be exhausted. If a court or external review rejects your request for an immediate review (based on a claim that you should be deemed to have exhausted the Plan's internal claim procedures), because the court or external reviewer determines that the "*de minimis* violation" exception applies, the Plan will provide to you a notice of your right to resubmit your internal appeal with a reasonable time (no longer than 10 days) after the court or external reviewer makes such a determination. Any applicable time limit for you to re-file your claim will begin to run when you receive that notice from the Plan.

External Review of Adverse Benefit Determinations

If you have exhausted the Plan's internal appeal process (or if you are eligible to request an external review for any other reason under the above procedures), you may request an external review of the Plan's final adverse determination for certain health benefit claims.

The Plan will provide for an external review process in accordance with federal law.

Note that the federal external review process (including the expedited external review process described later in these procedures) is not available for review of all internal adverse determinations. Specifically, federal external review is not available for review of an internal adverse determination that is based on a determination that a claimant fails to meet the eligibility requirements under the terms of the Plan. Also, the federal external review process is available only for:

- (1) An adverse determination that involves medical judgment (including, but not limited to determinations based on the Plan's requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit; or the Plan's determination that a treatment is Experimental or Investigational), as determined by the external reviewer; and
- (2) A rescission of coverage.

For any adverse determination for which external review is available, the federal external review requirements are as follows:

- (1) You have 4 months following the date you receive notice of the Plan's final internal adverse determination within which to request an external review. The request for an external review must be submitted to the following address:

Apta Care Coordinators
Appeals Department
7450 Huntington Park Dr, Suite 100
Columbus, OH 43235

- (2) Within 5 business days following the date the Plan receives your external review request the Plan will complete a preliminary review. The Plan will notify you in writing within one business day after it completes the preliminary review whether the claim is eligible for the external review process:
 - (a) If the request is complete, but the claim is not eligible for external review, the notice will describe the reasons it is not eligible and will provide contact information for the Employee Benefits Security Administration.
 - (b) If the request is not complete, the notice will describe information or materials needed to make the request complete. If the request is not complete and additional information or materials are needed to complete the preliminary review, you will have until the later of (i) 48 hours following the date of receipt of the notification or (ii) the end of the 4-month deadline described in (1) above to provide the necessary additional information or materials.
- (3) Following the Plan's preliminary review, if the request is eligible for external review, the Plan will assign an independent review organization (IRO) (as soon as administratively feasible) to make a determination on the request for external review. Within 5 business days following assignment of the IRO, the Plan will forward to the IRO all information and materials relevant to the final internal adverse determination.
- (4) The assigned IRO will notify you in writing (within a reasonable period of time) of the request's eligibility and acceptance for external review. The notice will include a statement regarding your right to submit any additional information, within 10 business days from the date of receipt of the notice, for the IRO to consider as part of the external review process. Any such additional information received by the IRO will be forwarded on and shared with the Plan. The Plan, based upon any new information received, may reconsider its final internal adverse determination. Reconsideration by the Plan will not delay the external review process. If the Plan does not reconsider its final internal adverse benefits determination, the IRO will continue to proceed with the external review process.
- (5) Within 45 days after the IRO receives the external review request from the Plan, the IRO must provide written notice of its external review determination to you and the Plan. The IRO's notice is required to contain the following:
 - (a) A general description of the reason for the request for external review, including information sufficient to identify the claim, the diagnosis code and treatment code and the corresponding meaning for each and the reason for the previous denial;
 - (b) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
 - (c) References to the evidence or documentation, including the specific coverage provisions and evidence based standards, considered in reaching its decision;
 - (d) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
 - (e) A statement that the determination is binding except to the extent that other remedies may be available under state or federal law to either the group health plan or to you;
 - (f) A statement that judicial review may be available to you; and

- (g) Current contact information, including telephone number, for any applicable office of health insurance consumer assistance or ombudsman established under the Public Health Service Act Section 2793.

Expedited External Review

You may request an expedited external review if you have received:

- (1) An initial internal adverse determination if the adverse determination involves a medical condition for which the time frame for completion of an expedited internal appeal under the Plan's internal claim procedures would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- (2) A final internal adverse determination, if you have a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function or if the final internal adverse determination concerns an admission, availability of care, continued stay or health care item or service for which you received Emergency Services but have not been discharged from a facility.

The following requirements apply to an expedited external review:

- (1) Immediately following the date the Plan receives the external review request the Plan will complete a preliminary review. The Plan will notify you in writing immediately after completion of the preliminary review whether the request is eligible for the external review process.
 - (a) If the request is complete, but the claim is not eligible for external review, the notice will describe the reasons it is not eligible and will include contact information for the Employee Benefits Security Administration.
 - (b) If the request is not complete, the notice will describe any information or materials needed to make the request complete. If the request is not complete and additional information or materials is needed to complete the preliminary review, you will have until the later of (i) 48 hours following the date of receipt of the notification or (ii) the end of the 4-month deadline described in (1) above to provide the necessary additional information or materials.
- (2) Following the Plan's preliminary review, if the request is eligible for external review, the Plan will assign an independent review organization (IRO) to make a determination on the request for external review. The Plan will promptly forward to the IRO, by any available expeditious method (e.g. telephone, facsimile, etc.), all information and materials relevant to the final internal adverse determination.
- (3) The IRO must provide notice to the claimant and the Plan (either in writing or orally) as expeditiously as the claimant's medical condition or circumstance require and no later than 72 hours after it receives the expedited external review request from the Plan. If notice is not provided in writing, the IRO must provide written notice to you and the Plan as confirmation of the decision within 48 hours after the date of the notice. The IRO's notice is required to contain the following information:
 - (a) A general description of the reason for the request for external review, including information sufficient to identify the claim, the diagnosis code and treatment code and the corresponding meaning for each and the reason for the previous denial;
 - (b) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
 - (c) References to the evidence or documentation, including the specific coverage provisions and evidence based standards, considered in reaching its decision;
 - (d) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
 - (e) A statement that the determination is binding except to the extent that other remedies may be available under state or federal law to either the group health plan or to you;
 - (f) A statement that judicial review may be available to you; and

- (g) Current contact information, including telephone number, for any applicable office of health insurance consumer assistance or ombudsman established under the Public Health Service Act Section 2793.

Effect of External Review Determination

A determination on external review is binding on the Plan and the claimant, except to the extent that other remedies are available under applicable state or federal law. However, a decision by the external reviewer does not preclude the Plan from making payment or providing benefits on a claim at any time, including after a decision that denies the claim. When an external review decision requires the Plan to provide benefits or payment on a claim, the Plan will provide benefits or payment pursuant to the decision without unreasonable delay regardless of whether the Plan intends to seek judicial review of the decision, unless and until there is a judicial decision that provides otherwise.

Statute of Limitations for Plan Claims

Please note that no legal action may be commenced or maintained to recover benefits under the Plan more than 12 months after the final review/appeal decision by the Plan Administrator has been rendered (or deemed rendered).

Appointment of Authorized Representative

A Covered Person is permitted to appoint an authorized representative to act on his or her behalf with respect to a benefit claim or appeal of a denial. An assignment of benefits by a Covered Person to a provider will not constitute appointment of that provider as an authorized representative. To appoint such a representative, the Covered Person must complete a form which can be obtained from the Plan Administrator or the Third Party Administrator. However, in connection with a claim involving urgent care, the Plan will permit a health care professional with knowledge of the Covered Person's medical condition to act as the Covered Person's authorized representative without completion of this form. In the event a Covered Person designates an authorized representative, all future communications from the Plan will be with the representative, rather than the Covered Person, unless the Covered Person directs the Plan Administrator, in writing, to the contrary.

Physical Examinations

The Plan reserves the right to have a Physician of its own choosing examine any Covered Person whose Illness or Injury is the basis of a claim. All such examinations will be at the expense of the Plan. This right may be exercised when and as often as the Plan Administrator may reasonably require during the pendency of a claim. The Covered Person must comply with this requirement as a necessary condition for coverage.

COORDINATION OF BENEFITS

Benefits Subject to This Provision

This provision applies to all benefits provided under any section of this Plan.

For any of the eligible Employees and their Dependents covered by this Plan who are also eligible for PRC from the Eastern Shawnee Tribe of Oklahoma, this Plan is considered to be part of and supplemental to the PRC program, which is a payer of last resort under federal law. All other alternate resources must pay before the PRC program. The Coordination of Benefits provisions shall not apply to any services or claims treated as PRC under this Plan. This Plan is a Tribal plan and is not an employee group health plan. This Plan will be a secondary or tertiary carrier for coordination of benefits purposes. This handling will apply to both the Employee and his/her covered Dependents.

Payer of Last Resort

In accordance with 42 C.F.R. § 136.61, the Eastern Shawnee Tribe of Oklahoma is the payer of last resort for health services provided to patients eligible for Purchased Referred Care (PRC) services from the Tribe.

Indian Health Service Exclusion

This self-funded Tribal Health Plan shall not in any circumstances be considered Alternate Resources for purposes of the Indian Health Service payer of last resort rule. In accordance with Section 206(f) of the Indian Health Care Improvement Act, P.L. 94-437, 25 U.S.C. Section 1621e (f), and notwithstanding 42 C.F.R. Section 136.61, the Indian Health Service has no right of recovery against this Tribal self-insurance plan for health services the Indian Health Service has provided to an eligible patient; no payment will be made by this Plan to the Indian Health Service.

Excess Insurance

If at the time of Injury, Illness, disease or disability there is available or potentially available, any coverage (including, but not limited to, coverage resulting from a judgment at law or settlements), the benefits under the Plan shall apply only as an excess over such other sources of coverage.

The Plan's benefits will be excess to, whenever possible:

- (1) Any primary payer besides the Plan;
- (2) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
- (3) Any policy of insurance from any insurance company or guarantor of a third-party;
- (4) Workers' Compensation or other liability insurance company; or
- (5) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.

Vehicle Limitation

When medical payments are available (or, under applicable law should be available) under any vehicle insurance, the Plan shall pay excess benefits only, without reimbursement for vehicle plan and/or policy deductibles. This Plan shall always be considered secondary to such plans and/or policies. This applies to all forms of medical payments under vehicle plans and/or policies regardless of its name, title or classification. If medical payments would have been available under a vehicle insurance policy if minimum legally required levels of coverage had been in effect, but the minimum level of coverage was not in effect, the Plan shall pay excess benefits only, determined as if the minimum legally required level of coverage had been in effect at the applicable time.

Allowable Expenses

"Allowable expenses" shall mean any Medically Necessary, Usual and Customary item of expense, at least a portion of which is covered under this Plan.

In the case of HMO (Health Maintenance Organization) plans, this Plan will not consider any charges in excess of what an HMO provider has agreed to accept as payment in full. Further, when an HMO is primary and the Covered

Person does not use an HMO provider, this Plan will not consider as allowable expenses any charge that would have been covered by the HMO had the Covered Person used the services of an HMO provider.

Other Plan

“Other Plan” means any of the following plans, other than this Plan, providing benefits or services for medical or dental care or treatment:

- (1) Group, blanket or franchise insurance coverage;
- (2) Any coverage under labor-management trustee plans, union welfare plans, employer organization plans, school insurance or employee benefit organization plans;
- (3) Coverage under Medicare and any other governmental program that the Covered Person is liable for payment, except state-sponsored medical assistance programs and TRICARE, in which case this Plan pays primary;
- (4) Coverage under any Health Maintenance Organization (HMO); or
- (5) Any mandatory automobile insurance (such as no-fault) providing benefits under a medical expense reimbursement provision for health care services because of Injuries arising out of a motor vehicle accident and any other medical and liability benefits received under any automobile policy.

Application to Benefit Determinations

The plan that pays first according to the rules in the section entitled “Order of Benefit Determination” will pay as if there were no other plan involved. When this Plan is secondary, this Plan will always pay either its benefits in full or a reduced amount which, when added to the benefits payable by the other plan or plans, will not exceed 100% of allowable expenses. When there is a conflict in the order of benefit determination, this Plan will never pay more than 50% of allowable expenses.

Order of Benefit Determination

For the purposes of the section entitled “Application to Benefit Determinations,” the rules establishing the order of benefit determination are listed below. The Plan will consider these rules in the order in which they are listed and will apply the first rule that satisfies the circumstances of the claim:

- (1) A plan without a coordinating provision will always be the primary plan;
- (2) The plan covering the person directly rather than as an employee's dependent is primary and the other plans are secondary.
- (3) Active/laid-off employees or retirees: The plan which covers a person as an active employee (or as that employee's dependent) determines its benefits before the plan which covers a person as a laid-off or retired employee (or as that employee's dependent). If the plan which covers that person has not adopted this rule and if, as a result, the plans do not agree on the order of benefits, this rule will not apply.
- (4) Dependent children of parents not separated or divorced or unmarried parents living together: The plan covering the parent whose birthday falls earlier in the year pays first. The plan covering the parent whose birthday falls later in the year pays second. However, if the other plan does not have this rule but instead has a rule based upon the gender of the parent and if as a result the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.
- (5) Dependent children of separated or divorced parents or unmarried parents not living together: When parents are separated or divorced or unmarried and not living together, neither the male/female nor the birthday rules apply. Instead:
 - (a) The plan of the parent with custody pays first;
 - (b) The plan of the spouse of the parent with custody (the step-parent) pays next;
 - (c) The plan of the parent without custody pays next; and
 - (d) The plan of the spouse of the non-custodial parent pays last.

Notwithstanding the above provisions, if there is a court decree that would otherwise establish financial responsibility for the child's health care expenses, the benefits of the plan that covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any other plan that covers the child as a dependent child.

- (6) If a person whose coverage is provided under a right of continuation pursuant to state or federal law (e.g., COBRA) is also covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person's dependent) is primary and the continuation coverage is secondary. If the other plan does not have this rule and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

When the rules above do not establish an order of benefit determination, the benefits of a plan which has covered the person on whose expenses claim is based for the longer period of time shall be determined before the benefits of a plan which has covered such person the shorter period of time.

Coordination of Benefits for a Minor Child

If a covered Tribal member is a minor child and is also covered by a parent's employer's plan, the parent's employer's plan will always be the primary plan and this Plan will always pay as the secondary plan for that minor child.

Right to Receive and Release Necessary Information

For the purpose of determining the applicability of and implementing the terms of this coordination of benefits provision or any provision of similar purpose of any other plan, this Plan may, without notice to any person, release to or obtain from any insurance company or other organization or individual, any information with respect to any person, which the Plan deems to be necessary for such purposes. Any person claiming benefits under this Plan is deemed to consent to the release and receipt of such information and agrees to furnish to the Plan such information as may be necessary to implement this provision.

Facility of Payment

Whenever payments which should have been made under this Plan in accordance with this provision have been made under any other plans, the Plan Administrator may, in its sole discretion, pay any organizations making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, this Plan shall be fully discharged from liability.

Right of Recovery

Whenever payments have been made by this Plan with respect to allowable expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, the Plan shall have the right to recover such payments, to the extent of such excess, in accordance with the Recovery of Payments provision of this Plan.

Recovery of Payments

Occasionally, benefits are paid more than once, are paid based upon improper billing or a misstatement in a proof of loss or enrollment information, are not paid according to the Plan's terms, conditions, limitations or exclusions or should otherwise not have been paid by the Plan. This Plan may also inadvertently pay benefits that are later found to be greater than the maximum allowable charge. In this case, this Plan may recover the amount of the overpayment from the person or entity to which it was paid, primary payers or from the party on whose behalf the charge(s) were paid. Whenever the Plan pays benefits exceeding the amount of benefits payable under the terms of the Plan, the Plan Administrator has the right to recover any such erroneous payment.

A Covered Person, provider, another benefit plan, insurer or any other person or entity who receives a payment exceeding the amount of benefits payable under the terms of the Plan or on whose behalf such payment was made, shall return or refund the amount of such erroneous payment to the Plan within 30 days of discovery or demand. The Plan Administrator shall have discretion in deciding whether to obtain payment for the expense for which the erroneous payment was made or to which it was applied.

The person or entity receiving an erroneous payment may not apply such payment to another expense. The Plan Administrator shall have the sole discretion to choose who will repay the Plan for an erroneous payment and whether such payment shall be reimbursed in a lump sum. When a Covered Person or other entity does not comply with the provisions of this section, the Plan Administrator shall have the authority, in its sole discretion, to deny payment of any claims for benefits by the Covered Person and to deny or reduce future benefits payable (including

payment of future benefits for any other Injury or Illness) under the Plan by the amount due as reimbursement to the Plan. The Plan Administrator may also, in its sole discretion, deny or reduce future benefits (including future benefits for any other Injury or Illness) under any other group benefits plan maintained by the Plan Sponsor. The reductions will equal the amount of the required reimbursement.

Providers and any other person or entity accepting payment from the Plan or to whom a right to benefits has been assigned, in consideration of services rendered, payments and/or rights, agree to be bound by the terms of this Plan and agree to submit claims for reimbursement in strict accordance with their state's health care practice acts, most recent edition of the ICD or CPT standards, Medicare guidelines, HCPCS standards or other standards approved by the Plan Administrator or insurer. Any payments made on claims for reimbursement not in accordance with the above provisions shall be repaid to the Plan within 30 days of discovery or demand or incur prejudgment interest of 1.5% per month. If the Plan must bring an action against a Covered Person, provider or other person or entity to enforce the provisions of this section, then that Covered Person, provider or other person or entity agrees to pay the Plan's attorneys' fees and costs, regardless of the action's outcome.

Further, a Covered Person and/or their dependents, beneficiaries, estate, heirs, guardian, personal representative or assigns ("Plan Participants") shall assign or be deemed to have assigned to the Plan their right to recover said payments made by the Plan, from any other party and/or recovery for which the Plan Participant(s) are entitled, for or in relation to facility-acquired condition(s), provider error(s) or damages arising from another party's act or omission for which the Plan has not already been reimbursed.

The Plan reserves the right to deduct from any benefits properly payable under this Plan the amount of any payment which has been made:

- (1) In error;
- (2) Pursuant to a misstatement contained in a proof of loss or a fraudulent act;
- (3) Pursuant to a misstatement made to obtain coverage under this Plan within 2 years after the date such coverage commences;
- (4) With respect to an ineligible person;
- (5) In anticipation of obtaining a recovery if a Covered Person fails to comply with the Plan's Subrogation, Third Party Recovery and Reimbursement provisions; or
- (6) Pursuant to a claim for which benefits are recoverable under any policy or act of law providing for coverage for occupational Injury or disease to the extent that such benefits are recovered. This provision (6) shall not be deemed to require the Plan to pay benefits under this Plan in any such instance.

The deduction may be made against any claim for benefits under this Plan by a Covered Person if such payment is made with respect to the Covered Person.

If the Plan seeks to recoup funds from a provider, due to a claim being made in error, a claim being fraudulent on the part of the provider and/or the claim that is the result of the provider's misstatement, said provider shall, as part of its assignment to benefits from the Plan, abstain from billing the Covered Person for any outstanding amount(s).

Medicaid Coverage

You or your Dependent's eligibility for any state Medicaid benefits will not be taken into account in determining or making any payments for benefits to or on behalf of you or your Dependent. Any such benefit payments will be subject to the state's right to reimbursement for benefits it has paid on behalf of such person, as required by the state Medicaid program; and the Plan will honor any subrogation rights the state may have with respect to benefits which are payable under the Plan.

Coordination of Benefits with Medicaid

Benefits available through a state or federal Medicaid program will be secondary or subsequent to the benefits of this Plan, unless the Covered Person is eligible for Purchased Referred Care (PRC) services from the Tribe, in which case the Eastern Shawnee Tribe of Oklahoma is the payer of last resort and Medicaid is primary.

Coordination of Benefits with Medicare

For tribal members, eligible for Purchased Referred Care (PRC), enrolled in Medicare, Medicare is the primary payor. The Plan will base its payment upon benefits allowable by Medicare. If you did not elect coverage under Medicare Parts A and/or B when eligible, the Plan will be secondary and coordinate with benefits that would have been provided by Medicare.

When you, your Spouse or Dependents (as applicable) are eligible for or entitled to Medicare and covered by the Plan, the Plan at all times will be operated in accordance with any applicable Medicare secondary payer and non-discrimination rules. These rules include, where applicable, but are not necessarily limited to, rules concerning individuals with end stage renal disease, rules concerning active employees age 65 or over and rules concerning working disabled individuals (as discussed below).

When Medicare is the primary payor, the Plan will pay secondary to the extent the benefit is a Covered Expense under the Plan (meaning that the Plan will base its payment upon benefits allowable by Medicare).

In accordance with federal law, the following rules apply in determining whether Medicare or Plan coverage is primary health care coverage:

- (1) **The Working Aged Rule:** Medicare benefits are secondary to benefits payable under the Plan for individuals entitled to Medicare due to being age 65 or over and who have Plan coverage as a result of his or her current employment status (or the current employment status of a Spouse). When you or your Spouse become eligible for Medicare due to the attainment of age 65, you or your Spouse may still be eligible for benefits provided under the Plan based on your current employment status.

If, as a result, you have or your Spouse has primary coverage under the Plan, the Plan will pay the portion of your Incurred expenses that are normally covered by the Plan. All or part of the remaining amount, if any, may be paid by Medicare if the expenses are covered expenses under Medicare and the portion of the expenses covered by Medicare exceeds the portion covered by the Plan. If the expenses are not covered by the Plan but are Medicare-covered expenses, then Medicare will process its payment of the expenses as if you do not have Plan coverage.

- (2) **The Working Disabled Rule:** Medicare benefits are secondary to benefits payable under the Plan for covered individuals under age 65 entitled to Medicare on the basis of disability (other than end-stage renal disease) and who are covered under the Plan as a result of current employment status with an employer. That is, if you or your Dependents are covered by the Plan based on your current employment status, Medicare benefits are secondary for you or your covered Dependents entitled to Medicare on the basis of disability (other than end-stage renal disease). In this case the Plan is primary.
- (3) **End-Stage Renal Disease Rule:** Medicare benefits are secondary to benefits payable under the Plan for covered individuals eligible for or entitled to Medicare benefits on the basis of end-stage renal disease ("ESRD"), for a period not to exceed 30 months generally beginning the first day of the month of eligibility or entitlement to Medicare due to ESRD. (Special rules apply if you were entitled to Medicare based on age or disability prior to becoming eligible for Medicare due to ESRD.) Because an ESRD patient can have up to a 3-month wait to obtain Medicare coverage, the Plan's primary payment responsibility may vary up to 3 months. If the basis of your entitlement to Medicare changes from ESRD to age or disability, the Plan's primary payment responsibility may terminate on the month before the month in which the change is effective and the rules set forth above, if applicable, will apply. Your Employer can provide you with more detailed information on how this rule works.

Medicare and COBRA

For most COBRA beneficiaries (e.g., the working aged or disabled Medicare beneficiaries), Medicare rules state that Medicare will be primary to COBRA continuation coverage and this would apply to this Plan's Continuation of Benefits (COBRA) coverage. For an ESRD-related Medicare beneficiary, COBRA continuation coverage (if elected) is generally primary to Medicare during the 30-month coordination period.

Coordination of Benefits with TRICARE

The Plan at all times will be operated in accordance with any applicable TRICARE secondary payer and non-discrimination rules issued by the Department of Defense.

SUBROGATION, THIRD-PARTY RECOVERY AND REIMBURSEMENT

Payment Condition

- (1) The Plan, in its sole discretion, may elect to conditionally advance payment of benefits in those situations where an Injury, Illness, disease or disability is caused in whole or in part by, or results from the acts or omissions of you and/or your Dependents, plan beneficiaries and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative, or assigns (collectively referred to hereinafter in this section as "Covered Person") or a third party, where any party besides the Plan may be responsible for expenses arising from an incident, and/or other insurance or other funds are available, including but not limited to no-fault, uninsured motorist, underinsured motorist, medical payment provisions, third party assets, third party insurance, and/or guarantor(s) of a third party (collectively "Coverage").
- (2) The Covered Person, his or her attorney, and/or legal guardian of a minor or incapacitated individual agrees that acceptance of the Plan's conditional payment of medical benefits is constructive notice of these provisions in their entirety and agrees to maintain 100% of the Plan's conditional payment of benefits or the full extent of payment from any one or combination of first and third party sources in trust, without disruption except for reimbursement to the Plan or the Plan's assignee. By accepting benefits the Covered Person agrees the Plan shall have an equitable lien on any funds received by the Covered Person and/or their attorney from any source and said funds shall be held in trust until such time as the obligations under this provision are fully satisfied. The Covered Person agrees to include the Plan's name as a co-payee on any and all settlement drafts. Further, by accepting benefits the Covered Person understands that any recovery obtained pursuant to this section is an asset of the Plan to the extent of the amount of benefits paid by the Plan and that the Covered Person shall be a trustee over those Plan assets.
- (3) In the event a Covered Person settles, recovers or is reimbursed by any Coverage, the Covered Person agrees to reimburse the Plan for all benefits paid or that will be paid by the Plan on behalf of the Covered Person. If the Covered Person fails to reimburse the Plan out of any judgment or settlement received, the Covered Person will be responsible for any and all expenses (fees and costs) associated with the Plan's attempt to recover such money.
- (4) If there is more than one party responsible for charges paid by the Plan, or may be responsible for charges paid by the Plan, the Plan will not be required to select a particular party from whom reimbursement is due. Furthermore, unallocated settlement funds meant to compensate multiple injured parties of which the Covered Person is/are only one or a few, that unallocated settlement fund is considered designated as an "identifiable" fund from which the Plan may seek reimbursement.

Subrogation

- (1) As a condition to participating in and receiving benefits under this Plan, the Covered Person agrees to assign to the Plan the right to subrogate and pursue any and all claims, causes of action or rights that may arise against any person, corporation or entity and to any Coverage to which the Covered Person is entitled, regardless of how classified or characterized, at the Plan's discretion, if the Covered Person fails to so pursue such rights or action.
- (2) If a Covered Person receives or becomes entitled to receive benefits, an automatic equitable lien attaches in favor of the Plan to any claim, which any Covered Person may have against any Coverage and/or party causing the Illness or Injury to the extent of such conditional payment by the Plan plus reasonable costs of collection. The Covered Person is obligated to notify the Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds. The Covered Person is also obligated to hold any and all funds so received in trust on the Plan's behalf and function as a trustee as it applies to those funds until the Plan's rights described herein are honored and the Plan is reimbursed.
- (3) The Plan may, at its discretion, in its own name or in the name of the Covered Person, commence a proceeding or pursue a claim against any party or Coverage for the recovery of all damages to the full extent of the value of any such benefits or conditional payments advanced by the Plan.

- (4) The Covered Person authorizes the Plan to pursue, sue, compromise and/or settle any such claims in the Covered Persons and/or the Plan's name and agrees to fully cooperate with the Plan in the prosecution of any such claims if the Covered Person fails to file a claim or pursue damages against:
 - (a) The responsible party, its insurer or any other source on behalf of that party;
 - (b) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
 - (c) Any policy of insurance from any insurance company or guarantor of a third party;
 - (d) Workers' Compensation or other liability insurance company; or
 - (e) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.

The Covered Person assigns all rights to the Plan or its assignee to pursue a claim and the recovery of all expenses from any and all sources listed above.

Right of Reimbursement

- (1) The Plan shall be entitled to recover 100% of the benefits paid, without deduction for attorneys' fees and costs or application of the common fund doctrine, make whole doctrine, or any other similar legal theory, without regard to whether the Covered Person is fully compensated by his or her recovery from all sources. The Plan shall have an equitable lien which supersedes all common law or statutory rules, doctrines, and laws of any state prohibiting assignment of rights which interferes with or compromises in any way the Plan's equitable lien and right to reimbursement. The obligation to reimburse the Plan in full exists regardless of how the judgment or settlement is classified and whether or not the judgment or settlement specifically designates the recovery or a portion of it as including medical, disability, or other expenses. If the Covered Persons' recovery is less than the benefits paid, then the Plan is entitled to be paid all of the recovery achieved. Any funds received by the Covered Person are deemed held in constructive trust and should not be dissipated or disbursed until such time as the Covered Person's obligation to reimburse the Plan has been satisfied in accordance with these provisions. The Covered Person is also obligated to hold any and all funds so received in trust on the Plan's behalf and function as a trustee as it applies to those funds until the Plan's rights described herein are honored and the Plan is reimbursed.
- (2) No court costs, experts' fees, attorneys' fees, filing fees, or other costs or expenses of litigation may be deducted from the Plan's recovery without the prior, express written consent of the Plan.
- (3) The Plan's right of subrogation and reimbursement will not be reduced or affected as a result of any fault or claim on the part of the Covered Person, whether under the doctrines of causation, comparative fault or contributory negligence, or other similar doctrine in law. Accordingly, any lien reduction statutes, which attempt to apply such laws and reduce a subrogating Plan's recovery will not be applicable to the Plan and will not reduce the Plan's reimbursement rights.
- (4) These rights of subrogation and reimbursement shall apply without regard to whether any separate written acknowledgment of these rights is required by the Plan and signed by the Covered Person.
- (5) This provision shall not limit any other remedies of the Plan provided by law. These rights of subrogation and reimbursement shall apply without regard to the location of the event that led to or caused the applicable Illness, Injury, disease or disability.

Covered Person is a Trustee Over Plan Assets

- (1) Any Covered Person who receives benefits and is therefore subject to the terms of this section is hereby deemed a recipient and holder of Plan assets and is therefore deemed a trustee of the Plan solely as it relates to possession of any funds which may be owed to the Plan as a result of any settlement, judgment or recovery through any other means arising from any Injury or Accident. By virtue of this status, the Covered Person understands that he/she is required to:
 - (a) Notify the Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds;
 - (b) Instruct his/her attorney to ensure that the Plan and/or its authorized representative is included as a payee on all settlement drafts;
 - (c) In circumstances where the Covered Person is not represented by an attorney, instruct the insurance company or any third party from whom the Covered Person obtains a settlement, judgment or other source of Coverage to include the Plan or its authorized representative as a payee on the settlement draft; and,
 - (d) Hold any and all funds so received in trust, on the Plan's behalf, and function as a trustee as it applies to those funds, until the Plan's rights described herein are honored and the Plan is reimbursed.
- (2) To the extent the Covered Person disputes this obligation to the Plan under this section, the Covered Person or any of its agents or representatives is also required to hold any/all settlement funds, including the entire settlement if the settlement is less than the Plan's interests, and without reduction in consideration of attorneys' fees, for which he/she exercises control, in an account segregated from their general accounts or general assets until such time as the dispute is resolved.
- (3) No Covered Person, beneficiary, or the agents or representatives thereof, exercising control over plan assets and incurring trustee responsibility in accordance with this section will have any authority to accept any reduction of the Plan's interest on the Plan's behalf.

Excess Insurance

If at the time of Injury, Illness, disease or disability, there is available or potentially available any coverage (including but not limited to coverage resulting from a judgment at law or settlements), the benefits under this Plan shall apply only as an excess over such other sources of coverage, except as otherwise provided for under the Plan's "Coordination of Benefits" section.

The Plan's benefits shall be excess to any of the following:

- (1) The responsible party, its insurer or any other source on behalf of that party;
- (2) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
- (3) Any policy of insurance from any insurance company or guarantor of a third party;
- (4) Workers' Compensation or other liability insurance company; or
- (5) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.

Separation of Funds

Benefits paid by the Plan, funds recovered by the Covered Person and funds held in trust over which the Plan has an equitable lien exist separately from the property and estate of the Covered Person, such that the death of the Covered Person or filing of bankruptcy by the Covered Person, will not affect the Plan's equitable lien, the funds over which the Plan has a lien or the Plan's right to subrogation and reimbursement.

Wrongful Death

In the event that the Covered Person dies as a result of his or her Injuries and a wrongful death or survivor claim is asserted against a third party or any Coverage, the Plan's subrogation and reimbursement rights shall still apply, and the entity pursuing said claim shall honor and enforce these Plan rights and terms by which benefits are paid on behalf of the Covered Person(s) and all others that benefit from such payment.

Obligations

- (1) It is the Covered Person's obligation at all times, both prior to and after payment of medical benefits by the Plan:
 - (a) To cooperate with the Plan or any representatives of the Plan, in protecting its rights, including discovery, attending depositions and cooperating in trial to preserve the Plan's rights;
 - (b) To provide the Plan with pertinent information regarding the Illness, disease, disability or Injury, including Accident reports, settlement information and any other requested additional information;
 - (c) To take such action and execute such documents as the Plan may require to facilitate enforcement of its subrogation and reimbursement rights;
 - (d) To do nothing to prejudice the Plan's rights of subrogation and reimbursement;
 - (e) To promptly reimburse the Plan when a recovery through settlement, judgment, award or other payment is received;
 - (f) To notify the Plan or its authorized representative of any settlement prior to finalization of the settlement;
 - (g) To not settle or release, without the prior consent of the Plan, any claim to the extent that the Covered Person may have against any responsible party or coverage;
 - (h) To instruct his/her attorney to ensure that the Plan or its authorized representative is included as a payee on any settlement draft;
 - (i) In circumstances where the Covered Person is not represented by an attorney, instruct the insurance company or any third party from whom the Covered Person obtains a settlement to include the Plan or its authorized representative as a payee on the settlement draft; and
 - (j) To make good faith efforts to prevent disbursement of settlement funds until such time as any dispute between the Plan and Covered Person over settlement funds is resolved.
- (2) If the Covered Person and/or his or her attorney fails to reimburse the Plan for all benefits paid or to be paid, as a result of said Injury or condition, out of any proceeds, judgment or settlement received, the Covered Person will be responsible for any and all expenses (whether fees or costs) associated with the Plan's attempt to recover such money from the Covered Person.
- (3) The Plan's rights to reimbursement and/or subrogation are in no way dependent upon the Covered Persons' cooperation or adherence to these terms.

Offset

If timely repayment is not made, or the Covered Person and/or his or her attorney fails to comply with any of the requirements of the Plan, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the Covered Person's amount owed to the Plan. To do this, the Plan may refuse payment of any future medical benefits and any funds or payments due under this Plan on behalf of the Covered Person in an amount equivalent to any outstanding amounts owed by the Covered Person to the Plan. This provision applies even if the Covered Person has disbursed settlement funds.

Minor Status

USERRA means the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), as may be amended from time to time.

Usual and Customary Charge (U&C) means, with respect to Non-Participating Providers, charges made for medical or dental services or supplies essential to the care of the individual that will be subject to a Usual and Customary determination. Subject to the rest of this definition, the Usual and Customary Charge means the lesser of the charge by other providers in the same geographic area or billed charges for the same or comparable service or supply, utilizing outside vendors for benchmark data when making determinations. From time to time, the Plan may enter into an agreement with a Non-Participating Provider (directly or indirectly through a third party) which sets the rate the Plan will pay for a service or supply. In these cases the Usual and Customary Charge will be the rate established in such agreement with the Non-Participating Provider.

The Plan may reduce the Usual and Customary Charge by applying reimbursement policies administered by the Plan's Third Party Administrator. These reimbursement policies address the appropriate billing of services, taking into account factors that are relevant to the cost of the service such as:

- (1) The duration and complexity of a service;
- (2) Whether multiple procedures are billed at the same time but no additional overhead is required;
- (3) Whether an Assistant Surgeon is involved and necessary for the service;
- (4) If follow up care is included;
- (5) Whether there are any other characteristics that may modify or make a particular service unique; and
- (6) When a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided.

The reimbursement policies utilized are based on review of the policies developed for Medicare; the generally accepted standards of medical and dental practice, which are based on credible scientific evidence published in peer-reviewed literature generally recognized by the relevant medical or dental community or which are otherwise consistent with Physician or dental specialty society recommendations; and the views of Physicians and Dentists practicing in the relevant clinical areas.

Variable Hour Employee means an Employee who, at the time of hire, the Employer cannot reasonably determine if he or she will average at least 30 Hours of Service per week.

PLAN ADMINISTRATION

Delegation of Responsibility

The Plan Sponsor is a named fiduciary of the Plan with full discretionary authority for the control and management of the operation and administration of the Plan. The Plan Sponsor may delegate fiduciary and other responsibilities to any individual or entity. Any person to whom any responsibility is delegated may serve in more than one fiduciary capacity with respect to the Plan and may be a participant in the Plan.

Authority to Make Decisions

The Plan is administered by the Plan Administrator in accordance with ERISA. The Plan Administrator has retained the services of the Third Party Administrator to provide certain claims processing and other ministerial services. An individual or entity may be appointed by the Plan Sponsor to be Plan Administrator and serve at the convenience of the Plan Sponsor. If the Plan Administrator resigns, dies, is otherwise unable to perform, is dissolved or is removed from the position, the Plan Sponsor will appoint a new Plan Administrator as soon as reasonably possible.

The Plan Administrator will administer this Plan in accordance with its terms and establish its policies, interpretations, practices and procedures. It is the express intent of this Plan that the Plan Administrator will have maximum legal discretionary authority to construe and interpret the terms and provisions of the Plan, to make determinations regarding issues which relate to eligibility for benefits (including the determination of what services, supplies, care and treatments are Experimental and/or Investigational), to decide disputes which may arise relative to you and/or your Dependent's rights and to decide questions of Plan interpretation and those of fact and law relating to the Plan. The decisions of the Plan Administrator as to the facts related to any claim for benefits and the meaning and intent of any provision of the Plan or its application to any claim, shall receive the maximum deference provided by law and will be final and binding on all interested parties. Benefits under this Plan will be paid only if the Plan Administrator decides, in its discretion, that you and/or your Dependent (as applicable) are entitled to them.

The duties of the Plan Administrator include the following:

- (1) To administer the Plan in accordance with its terms;
- (2) To determine all questions of eligibility, status and coverage under the Plan;
- (3) To interpret the Plan, including the authority to construe possible ambiguities, inconsistencies, omissions and disputed terms;
- (4) To make factual findings;
- (5) To decide disputes which may arise relative to a Covered Person's rights;
- (6) To prescribe procedures for filing a claim for benefits, to review claim denials and appeals relating to them and to uphold or reverse such denials; or, alternatively, to appoint a qualified administrator to carry out these functions on the Plan Administrator's behalf;
- (7) To keep and maintain the Plan documents and all other records pertaining to the Plan;
- (8) To appoint and supervise a Third Party Administrator to pay claims;
- (9) To perform all necessary reporting as required by federal or state law;
- (10) To establish and communicate procedures to determine whether a child support order or decree is a QMCSO;
- (11) To delegate to any person or entity such powers, duties and responsibilities as it deems appropriate; and
- (12) To perform each and every function necessary for or related to the Plan's administration.

Amendment or Termination of Plan

The Plan Sponsor expects to maintain this Plan indefinitely; however, the Plan Sponsor may, in its sole discretion, at any time, amend, suspend or terminate the Plan in whole or in part.

Any such amendment, suspension or termination shall be taken and enacted in accordance with applicable federal and state law and any applicable governing documents.

If the Plan is terminated, the rights of Covered Persons are limited to expenses Incurred before termination. All amendments to this Plan shall become effective as of a date established by the Plan Sponsor.

MISCELLANEOUS INFORMATION

Assignment of Benefits

No benefit under the Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge and any attempt to do so shall be void. No benefit under the Plan shall in any manner be liable for or subject to the debts, contracts, liabilities, engagements or torts of any person.

The direct payment from the Plan to a health care provider is not intended to confer upon the health care provider status as a beneficiary, under ERISA or otherwise, and shall not be construed to be an assignment of benefits to the health care provider. The right of any Covered Person to receive any benefits or payments under this Plan shall not be alienable by the Covered Person by assignment or any other method and shall not be subject to claims by the Covered Person's creditors by any process whatsoever. Any attempt to cause such right to be subjected will not be recognized, except to the extent required by law.

Notwithstanding the foregoing, the Plan will honor any Qualified Medical Child Support Order ("QMCSO") which provides for coverage under the Plan for an alternate recipient, in the manner described in ERISA Section 609(a) and in the Plan's QMCSO procedures.

Clerical Error

Clerical errors made on the records of the Plan and delays in making entries on such records shall not invalidate coverage nor cause coverage to be in force or to continue in force. Rather, the effective dates of coverage shall be determined solely in accordance with the provisions of this Plan regardless of whether any contributions with respect to you and/or your Dependents have been made or have failed to be made because of such errors or delays. Upon discovery of any such error or delay, an equitable adjustment of any such contributions will be made.

Conformity with Applicable Laws

This Plan shall be deemed automatically to be amended to conform as required by any applicable law, regulation or the order or judgment of a court of competent jurisdiction governing provisions of this Plan, including, but not limited to, stated maximums, exclusions or limitations. In the event that any law, regulation or the order or judgment of a court of competent jurisdiction causes the Plan Administrator to pay claims that are otherwise limited or excluded under this Plan, such payments will be considered as being in accordance with the terms of Plan. It is intended that the Plan will conform to the requirements of any applicable federal or state law.

Cost of the Plan

The Plan Sponsor is responsible for funding the Plan and will do so as required by law. To the extent permitted by law, the Plan Sponsor is free to determine the manner and means of funding the Plan, including, but not limited to, payment of Plan expenses from the Employer's general assets. If applicable, a biometric evaluation to determine health risk factors associated with a wellness program will be paid from the general assets of the Employer. The amount of contribution (if any) for your coverage or coverage for your Dependents will be determined from time to time by the Plan Sponsor, in its sole discretion.

Interpretation of this Document

The use of masculine pronouns in this Plan shall apply to persons of both sexes unless the context clearly indicates otherwise. The headings used in this Plan are used for convenience of reference only. You and your Dependents are advised not to rely on any provision because of the heading.

The use of the words, "you" and "your" throughout this Plan applies to eligible or covered Employees and, where appropriate in context, their covered Dependents.

Minimum Essential Coverage

Refer to the Employer's Summary of Benefits and Coverage (SBC) for determination as to whether the Plan provides "minimum essential coverage" within the meaning of Code Section 5000A(f) and any accompanying regulations or guidance and whether it provides "minimum value" within the meaning of Code Section 36B(c)(2)(C)(ii) and any accompanying regulations or guidance (e.g. the Plan provides at least 60% actuarial value).

No Contract of Employment

This Plan and any amendments constitute the terms and provisions of coverage under this Plan. The Plan shall not be deemed to constitute a contract of any type between the Employer and any person or to be consideration for or an inducement or condition of, the employment of any Employee. Nothing in this Plan shall be deemed to give any Employee the right to be retained in the service of the Employer or to interfere with the right of the Employer to discharge any Employee at any time.

Release of Information

For the purpose of determining the applicability of and implementing the terms of these benefits, the Plan Administrator may, without the consent of or notice to any person, release or obtain any information necessary to determine the acceptability of any applicant or person covered for benefits under this Plan. In so acting, the Plan Administrator shall be free from any liability that may arise with regard to such action; however, the Plan Administrator at all times will comply with the applicable privacy standards. Any Covered Person claiming benefits under this Plan shall furnish to the Plan Administrator such information as may be necessary to implement this provision.

Workers' Compensation

This Plan excludes coverage for any Injury or Illness that is eligible for coverage under any Workers' Compensation policy or law regardless of the date of onset of such Injury or Illness. However, if benefits are paid by the Plan and it is later determined that you received or are eligible to receive Workers' Compensation coverage for the same Injury or Illness, the Plan is entitled to full recovery for the benefits it has paid. This exclusion applies to past and future expenses for the Injury or Illness regardless of the amount or terms of any settlement you receive from Workers' Compensation. The Plan will exercise its right to recover against you. The Plan reserves its right to exercise its rights under this section and the section entitled "Recovery of Payment" even though:

- (1) The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- (2) No final determination is made that the Injury or Illness was sustained in the course of or resulted from your employment;
- (3) The amount of Workers' Compensation benefits due specifically to health care expense is not agreed upon or defined by you or the Workers' Compensation carrier; or
- (4) The health care expense is specifically excluded from the Workers' Compensation settlement or compromise.

You are required to notify the Plan Administrator immediately when you file a claim for coverage under Workers' Compensation if a claim for the same Injury or Illness is or has been filed with this Plan. Failure to do so or to reimburse the Plan for any expenses it has paid for which coverage is available through Workers' Compensation, will be considered a fraudulent claim and you will be subject to any and all remedies available to the Plan for recovery and disciplinary action.

STATEMENT OF ERISA RIGHTS

As a Covered Person in the Plan, you and your Dependents are entitled to certain rights and protections under ERISA. ERISA provides that you and your eligible Dependents are entitled to:

Receive Information About Your Plan and Benefits

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites, all documents governing the Plan, including insurance contracts (if any) and copies of the latest annual report (Form 5500 Series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts (if any) and copies of the latest annual report (Form 5500 Series) and updated Summary Plan Description. The Plan Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each Covered Person with a copy of this summary annual report.

Continue Group Health Plan Coverage

Continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. Review this Summary Plan Description and the documents governing the Plan on the rules governing your COBRA continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for Covered Persons, ERISA imposes duties upon the people who are responsible for the operation of the Plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of you and other Covered Persons and beneficiaries. No one, including your Employer, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of Plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you a daily penalty up to the statutory maximum amount until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order, a medical child support order or a national medical support notice, you may file suit in federal court. If it should happen that Plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who would pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about the Plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest Office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

HIPAA PRIVACY PRACTICES

The following is a description of certain rules that apply to the Plan Sponsor regarding uses and disclosures of your health information.

Disclosure of Summary Health Information to the Plan Sponsor

In accordance with HIPAA's standards for privacy of individually identifiable health information (the "privacy standards"), the Plan may disclose summary health information to the Plan Sponsor, if the Plan Sponsor requests the summary health information for the purpose of:

- (1) Obtaining premium bids from health plans for providing health insurance coverage under this Plan; or
- (2) Modifying, amending or terminating the Plan.

"Summary health information" is information, which may include individually identifiable health information, that summarizes the claims history, claims expenses or the type of claims experienced by individuals in the Plan, but that excludes all identifiers that must be removed for the information to be de-identified, except that it may contain geographic information to the extent that it is aggregated by 5-digit zip code.

Disclosure of Protected Health Information ("PHI") to the Plan Sponsor for Plan Administration Purposes

Except as described under "Disclosure of Summary Health Information to the Plan Sponsor" above or under "Disclosure of Certain Enrollment Information to the Plan Sponsor" below or under the terms of an applicable individual authorization, the Plan may disclose PHI to the Plan Sponsor and may permit the disclosure of PHI by a health insurance issuer or HMO with respect to the Plan to the Plan Sponsor only if the Plan Sponsor requires the PHI to administer the Plan. The Plan Sponsor by formally adopting this Plan document certifies that it agrees to:

- (1) Not use or further disclose PHI other than as permitted or required by the Plan or as required by law;
- (2) Ensure that any agents, to whom the Plan Sponsor provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Plan Sponsor with respect to such PHI;
- (3) Not use or disclose PHI for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor;
- (4) Report to the Plan any PHI use or disclosure that is inconsistent with the uses or disclosures provided for of which the Plan Sponsor becomes aware;
- (5) Make available PHI in accordance with section 164.524 of the privacy standards;
- (6) Make available PHI for amendment and incorporate any amendments to PHI in accordance with section 164.526 of the privacy standards;
- (7) Make available the information required to provide an accounting of disclosures in accordance with section 164.528 of the privacy standards;
- (8) Make its internal practices, books and records relating to the use and disclosure of PHI received from the Plan available to the U.S. Department of Health and Human Services ("HHS"), for purposes of determining compliance by the Plan with part 164, subpart E, of the privacy standards;
- (9) If feasible, return or destroy all PHI received from the Plan that the Plan Sponsor still maintains in any form and retain no copies of such PHI when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the PHI infeasible; and

(10) Ensure that adequate separation between the Plan and the Plan Sponsor, as required in section 164.504(f)(2)(iii) of the privacy standards, is established as follows:

- (a) The Plan Sponsor shall only allow certain named employees or classes of employees or other persons under control of the Plan Sponsor who have been designated to carry out plan administration functions, access to PHI. The Plan Sponsor will maintain a list of those persons and that list is incorporated into this document by this reference. The access to and use of PHI by any such individuals shall be restricted to plan administration functions that the Plan Sponsor performs for the Plan.
- (b) In the event any of the individuals described in (a) above do not comply with the provisions of the Plan documents relating to use and disclosure of PHI, the Plan Administrator shall impose reasonable sanctions as necessary, in its discretion. Such sanctions shall be imposed progressively (for example, an oral warning, a written warning, time off without pay and termination), if appropriate and shall be imposed so that they are commensurate with the severity of the violation.

“Plan administration” activities are limited to activities that would meet the definition of payment or health care operations, but do not include functions to modify, amend or terminate the Plan or solicit bids from prospective issuers. “Plan administration” functions include quality assurance, claims processing, auditing, monitoring and management of carve-out plans, such as vision and dental. It does not include any employment-related functions or functions in connection with any other benefit or benefit plans.

The Plan shall disclose PHI to the Plan Sponsor only upon receipt of a certification by the Plan Sponsor that:

- (1) The Plan documents have been amended to incorporate the above provisions; and
- (2) The Plan Sponsor agrees to comply with such provisions.

Disclosure of Enrollment Information to the Plan Sponsor

Pursuant to section 164.504(f)(1)(iii) of the privacy standards, the Plan may disclose to the Plan Sponsor information on whether an individual is participating in the Plan or is enrolled in or has disenrolled from a health insurance issuer or health maintenance organization offered under the Plan.

Disclosure of PHI to Obtain Stop-loss or Excess Loss Coverage; Disclosures of Genetic Information

Except as otherwise provided below, the Plan Sponsor hereby authorizes and directs the Plan, through the Plan Administrator or the Third Party Administrator, to disclose PHI to stop-loss carriers, excess loss carriers or managing general underwriters (“MGUs”) for underwriting and other purposes in order to obtain and maintain stop-loss or excess loss coverage related to benefit claims under the Plan. Such disclosures shall be made in accordance with the privacy standards.

The Plan will not use or disclose Genetic Information, including information about genetic testing and family medical history, for underwriting purposes. The Plan may use or disclose PHI for underwriting purposes, assuming the use or disclosure is otherwise permitted under the privacy standards and other applicable law, but any PHI that is used or disclosed for underwriting purposes will not include Genetic Information.

“Underwriting purposes” is defined for this purpose under federal law and generally includes any Plan rules relating to (1) eligibility for benefits under the Plan (including changes in deductibles or other cost-sharing requirements in return for activities such as completing a health risk assessment or participating in a wellness program); (2) the computation of premium or contribution amounts under the Plan (including discounts or payments or differences in premiums based on activities such as completing a health risk assessment or participating in a wellness program); and (3) other activities related to the creation, renewal, or replacement of a contract for health insurance or health benefits. However, “underwriting purposes” does not include rules relating to the determination of whether a particular expense or claim is medically appropriate.

HIPAA SECURITY PRACTICES

Disclosure of Electronic Protected Health Information (“Electronic PHI”) to the Plan Sponsor for Plan Administration Functions

In accordance with HIPAA’s standards for security (the “security standards”), to enable the Plan Sponsor to receive and use Electronic PHI for Plan administration functions (as defined in 45 CFR § 164.504(a)), the Plan Sponsor agrees to:

- (1) Implement and maintain administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan.
- (2) Ensure that adequate separation between the Plan and the Plan Sponsor, as required in 45 CFR § 164.504(f)(2)(iii), is supported by reasonable and appropriate Security Measures.
- (3) Ensure that any agent, including any business associate or subcontractor, to whom the Plan Sponsor provides Electronic PHI created, received, maintained or transmitted on behalf of the Plan, agrees to implement reasonable and appropriate Security Measures to protect the Electronic PHI.
- (4) Report to the Plan any Security Incident of which it becomes aware.
- (5) The Plan Sponsor will promptly report to the Plan any breach of unsecured Protected Health Information of which it becomes aware in a manner that will facilitate the Plan’s compliance with the breach reporting requirements of the HITECH Act, based on regulations or other applicable guidance issued by the Department of Health and Human Services.

Any terms not otherwise defined in this section shall have the meanings set forth in the security standards.
