News from the Eastern Shawnee Tribe of Oklahoma

Issue 4

Congratulations Tribal Members for a job well done!

"Finding the Faces to the 1938 Base Roll" project utilizing the George J. Captain Library, Print Shop resources and community outreach has reached its next phase. Our journey was to discover the faces of the names depicted on the 1938 Eastern Shawnee tribal roll. Thanks to your help, two hundred sixty faces of the two hundred eighty names have been discovered during this year long process.

A digital version of the publication has been placed on the website. Please scan the QR code to review your family information and contact scook@estoo.net with any changes by May 1, 2022, as we will be submitting it for final publication.

Funding for this project was provided by the Eastern Shawnee Tribe and the Oklahoma Historical Society.

The Chief's Report . . .

Chief Glenna J. Wallace

Hatito Fellow Tribal Citizens,

Spring has officially arrived, daylight savings time is now in effect here in the four-state corner and we are beginning to have warmer weather, at least sometimes meaning we have more warm days, fewer cold days. Spring daffodils can be spotted everywhere, be it a warm or a cold day. Their posture changes, depending on the temperature. These flowers seemingly have their own built in antifreeze protecting them even when temperatures are significantly below freezing. On those days, the golden blooms bow their heads down almost as if protecting their faces from the harsh winds and frigid temps. Then on warm days they stand as erect as soldiers, blooming faces uplifted, soaking in all of the warm rays wafting down from the sun. Even the birds are reacting to the changing temperatures, with many of them deserting the feeders and free lunches in favor of building their own nests once again and feeding upon live morsels, namely insects, worms, and grubs. As much as I love the winter birds, I have bought the last sunflower seed handouts for this year and will now turn my attention elsewhere, such as finches, wrens and the hummingbirds that will soon be returning. The cycle of life continues.

We are extremely fortunate and so

happy to be able to announce that we have had very few, possibly no COVID outbreaks in our approximately 735 employees in the month of March and likewise, at least in tribal administration, we have had no requests for COVID testing. Hallelujah! Consequently we are cautiously but joyously beginning to plan for reopenings and future events.

Our AOA or Title VI or sometimes referred to as Senior Nutrition Site has been closed to inside dining for most of the past two years. Now with the entirety of the United States experiencing a 92 % decline in COVID cases (at least that's according to the news report I watched), we plan to reopen the first Monday in April, meaning April 4. Even though March has been essentially COVID free for us, we have chosen to be on the safe side and wait. It is now time to reopen our dining room and we look forward to seeing everyone. All Native Americans with CDIB (Certified Degree of Indian Blood) card ages 60 and over can eat free. Other seniors may eat for 5 dollars. Serving time is from 11 a.m. to 12:30 p.m.

Continuing with the theme of reopening or future events, the first event I want to announce is the resumption of our Spring Wild Green Onion dinner. This will occur Saturday, April 9, 2022 from 11:00 A.M. to 2:00 P.M. in the Eastern Shawnee Cultural Department Annex located on the BlueJacket Complex near downtown Seneca. Cost will be \$6 per plate. This event is open to the public and as they say, the more the merrier. In past years funds raised from this event were used for our Children's Culture Camp. However this year the funds will be utilized by our Children and Family Services/ICW Department for their annual Angel Tree Program and the Shawna Stovall Children's Powwow. The Angel Tree Program provides Christmas gifts to approximately 75 of our tribal children

Lives We Weave - Film Series Ready for Viewing

By Vanna Barger, Cultural Tourism Project Director

Fourteen videos featuring people and events from 9 tribes in Ottawa County, Oklahoma are about to take their place in the real and digital world. These short videos were produced with a grant from the Administration for Native Americans and the Eastern Shawnee Tribe. The first opportunity to see them will be at the Wild Onion Dinner, Saturday, April 9, from 11:00 am – 2:00 pm at the Eastern Shawnee Cultural Center Annex.

As part of the tribe's fundraising for the summer culture camp, the dinner will feature a meal with wild onions and eggs, the films and "give-a-ways" and raffles. It's \$6 a plate for dinner.

On Friday, April 22 from 7 – 8:30 P.M., central time, these short films will have their premiere screening on the tribe's YouTube Channel: <https://www.youtube.com/channel/UCXbg-13kqyR5b1nDpxgAvNpw> or simply search for YouTube and enter "Eastern Shawnee Tribe of Oklahoma." The host for the film series is Paul Barton,

Director of Cultural Preservation and Cultural Tourism Project Director, Vanna Barger.

Pop some popcorn, grab a drink and enjoy the many people who are featured or worked behind the scenes to help create this series. The videos will remain available on the channel after the premiere.

Many thanks to Artistic Director, Meredith Ludwig for all her talented work in getting all the videos produced! She said this is just a small sample of the marvelous people she got to know. "I hope these videos spark some interest and others will want to pick up a camera and make some more movies."

The three-year grant included the collection of oral history and short documentaries that were produced with the 9 tribes of Ottawa County for the new Natives Connected Visitor Center. In these videos the tribes are covering topics such as music, food, pottery, poetry, horses, beading, language and more, and telling us stories of the past and

Obituary

Alvie Raye Strickland

ALVIE RAYE STRICKLAND, 82 years of age, of Fairbury, Nebraska passed away on Friday, February 11, 2022. He was born on December 1,

1939 in Claremore, Oklahoma to Elbina and Jessie (Millhollin) Strickland. Alvie served his country in the United States Army and worked for 27 years at Swingsters Jackets. He was a member of the Eastern Shawnee Tribe of Oklahoma and enjoyed casinos, fishing and bowling.

Alvie is survived by his significant other, Patricia Hutchison of Fairbury; children, Christina Neely of Chandler, Arizona, Alex Strickland and wife Kathy, Diana Strickland-Miller, both of Milford, Cynthia Strickland-Lorenzen of Lincoln; step daughter, Dee Schuerman and husband Curt of Swanton; 13 grandchildren; 15 great grandchildren; siblings, Norma Kraus and husband Joe of Wyandotte, Oklahoma, Glenn Strickland and wife Velma, Donnie Strickland and wife Mary, Ronnie Strickland and wife Linda, Bobby Strickland and wife Sue, Lawana Hayward, all of Oregon; and many nieces, nephews and

cousins. He was preceded in death by his parents; grandson, Cody Strickland; and brothers, Kenneth Strickland and Mike Strickland.

Patricia Sue Thompson

PATRICIA SUE (ROBBINS) THOMPSON 1946-2022. *Article submitted by Sue's sister, Alice (Sally) Peterson.*

I, along with the other siblings listed below would like Sue to be remembered as a very proud member of the Eastern Shawnee Nation.

Sue with her four siblings, L to R: Joyce, Sally, Sue, Joe, Ethel Robbins.

Patricia Thompson, Sue to everyone that knew her, passed away on January 1, 2022 quietly in her home in Willamina, under the care of her loving family after 10 months of fighting lung cancer.

She was born August 30, 1946 in Baxter Springs, Kansas to Leroy James

Leroy Robbins, Sr., Roll #629 son of James Marion (Jake) Robbins and Minnie Turkeyfoot House, Robbins, Census #64.

Robbins, Sr. and Helen (Faegan) Robbins. The family lived in Kansas and Oklahoma until she was about 7 years old, then moving to Oregon, settling in McMinnville in 1956 graduating from McMinnville High School in 1964. She married L.D. Thompson June 14,

1968 in McMinnville, OR. They lived in McMinnville, Sheridan and spent their retirement years in Willamina, Oregon. She worked for many years as a waitress, in several restaurants including the A & W Drive-in when they still had carhops. She also worked at the Northwest Woolen Mills and later Mrs. Smiths' Pies. She was a hard and dependable worker and mostly enjoyed all jobs because of the people.

Sue loved her family and loved taking care of them. She loved all forms of crafts. She always loved drawing, knitting, embroidery, fabric painting as well as using her abilities to make Indian beadwork and jewelry to give to friends and family. Her Native American heritage was brought out in the pictures

she drew and in some of her stories she loved to write. She also tied her own flies for fishing. She loved fishing in the ponds and creeks around their area. She also loved singing and traveling around the area with L.D. They both enjoyed their rides in their Corvette and belonged to the Mid-Valley Corvette Association.

Sue loved everyone and she never met a stranger. As well as her own children she casually 'adopted' many additional children who needed some love and help in life, as testified by sentiments to her family of the friend that she was to them in their times of need. She was always giving and caring and accepting of everyone.

She is survived by her husband of

53 years, L.D. and 3 daughters, Emily Lynn (husband Chuck) Yelton of Klamath Falls, Shawnee Leigh-Anne (husband Frankie) Gonzales of Dayton, and Desiree Wolverton (husband Jason), of Willamina. Also surviving are 3 sisters and 1 brother, Ethel (husband Lee) Taylor of Grande Ronde, Sally (husband Jim) Peterson of Dayton, Joyce (husband Jeff) Scarborough of Madras, and Leroy (wife Gloria deceased) Robbins Jr of Amity, and four grandchildren, and numerous nieces and nephews.

Sue is preceded in death by her Dad and Mom, Leroy Robbins Sr and Helen Robbins, and 2 granddaughters.

Housing Authority News

By Kelly Frantz, Housing Board Member

LaQuita Williams, Housing Authority Director

The Board of Commissioners is happy to announce that LaQuita Williams has accepted the position as Housing Authority Director. LaQuita is an Eastern Shawnee tribal member and very excited to be moving back home with her two children. She comes to us with many ideas and is looking forward to making positive changes to our growing community.

The Board of Commissioners would also like to thank Mr. Bryce Washington for all his years of service in this position. Bryce recently retired and is now enjoying life with his wife Susan, children, and grandchildren.

Our current infrastructure project for the addition of 12 new homes was completed on schedule. A contractor has now been selected to build these homes and will be starting very soon. All 12 houses are scheduled to be completed by the end of this year. The Chief and Roads Committee are working hard to get the roads in and completed on time. Above is a picture of the site.

Bryce Washington and family.

Our other project for the addition of 10 new homes on Oliver Property is in the planning phases. The Housing Authority is anxiously awaiting to see if we will be awarded a Competitive Grant that was recently applied for. Our Business Committee has set aside funding to provide assistance with this project, as well.

The Housing Authority and Business Committee are in the planning phase of building a very nice park for the community, with the possibility of a splash pad in the future.

The Housing Authority recently applied for a grant to help provide clean air in the homes of our current residents. We were all so excited the day we heard that we were awarded this grant!

The Housing Board began all this planning 4-5 years ago. It didn't happen overnight. It took a lot of hard work, dedication, and determination, nothing less than sheer passion to help others is what got us to this point. There is more to come! We will continue to strive to put our tribal families in homes and better our community that we take so much pride in!

Take care everyone, Sincerely, Your Housing Board of Commissioners: Ben Dixon, Kelly Frantz, Nelson Handcock, Glen Brock

Shelly Bolin Rogers, Chief Executive Administrative Assistant

Hello,

My name is Shelly Rogers, I currently work as Chief Executive Administrative Assistant. I took this position back in September 2020 after Shawna Hudson decided it was time for her to spend more time with her family. I have been working hard to try and fill her shoes ever sense, and they are big shoes to fill.

I am a tribal member coming from the Captain side. My father is Darrell Sullivan, and my grandmother is Thelma Captain Sullivan. I graduated from Quapaw High School in 1993. I have 3 children, Dakota 27, Ethan 21, Jady 17. I have 2 grandchildren Emilee and Oaklynn. My oldest son Dakota works in construction. Ethan is currently attending Spartan in Tulsa where he is set to graduate in April. Jady is attending Baxter Springs High School and will be a senior next year with plans to become a Nurse Practitioner.

I absolutely love working for the tribe. I have learned so much in the short time that I have been here. Not only about the job but I have enjoyed learning about the tribe, culture, and history as well.

There is so much of my family history in this tribe. I get to hear stories about my family history that I wasn't aware of such as that I didn't know that Chief Glenna Wallace grew up across the road from my Great Grandparents store on Highway 10. It's exciting to get to meet and talk with other tribal members.

I have a passion for helping people. I put together the food distribution once a month and I get to meet and visit with fellow tribal members which is one of my favorite parts of this job. What better way to help give back to my tribe.

If you are out and about and have time to stop by and say hi, I would love to meet you. I am located at the Bluejacket building. My phone number is (918) 238-5151 and email is shellyrogers@estoo.net.

Looking forward to a bright future for our tribal family.

Child Care and Development Fund

Submitted by: Dian Torres, CCDF Director

We have started taking applications from our family childcare provider for the ARPA stimulus funding we received due to COVID. It has a number of ways to help childcare facilities with the issues they have endured during these trying times with issues like staying open and keeping staff through this pandemic. The application link will be on our tribal website that is listed below.

Our Shawna Stovall Children's Back-to-School Pow Wow committee has started planning meeting for this year's event. It will be on August 6th, 2022 and we are hoping we get to have it in

our normal way. We have had to do it as a drive through the last 2 years due to COVID. Fingers crossed we will get to do our normal event.

This is a grant writing year for CCDF, but also due to COVID our submission date has been moved back 6 months. It normally has to be submitted by July 1st.

We still have our Car Seat and Newborn Starter Kit programs. You must live within a 100-mile radius of our office to be eligible for these programs. These programs are funded with the CCDF grant and this is our service area per our grant guidelines.

If you want to apply or have any questions about Child Care Assistance with our CCDF Program, please feel free to come by our office located at 10100 S. Bluejacket Rd. / Suite #3, Wyandotte, OK 74370 or call us at 918-540-9970 or (Toll Free) 866-978-1352 and talk to Dian or Hailey. Also you may email us at dtorres@estoo.net, or hharper@estoo.net

You can also find our information on the tribe's website at www.estoo-nsn.gov

The CCDF department would like to share some information on:

Your Child's Immunizations

Babies are born with protection against some diseases because their mothers pass antibodies (proteins made by the body to fight disease) to them before birth. Breastfed babies continue to get more antibodies in breast milk. But in both cases, the protection is temporary.

Immunization (vaccination) is a way to create immunity to (protection from) some diseases. Sometimes this is done by using small amounts of a killed or weakened germ that causes the disease. Other times the vaccine is simply a small piece of the germ, such as a protein or a piece of its genetic material.

Germs can be viruses (such as the measles virus) or bacteria (such as pneumococcus). Vaccines stimulate the immune system to react as if there were a real infection. It fends off the "infection" and remembers the germ. Then, it can fight the germ if it enters the body later.

What Are the Types of Vaccines?

There are a few different types of vaccines:

- **Attenuated (weakened) live germs:** These are used in some vaccines such as in the measles, mumps, and rubella (MMR) and

chickenpox vaccines.

- **Killed (inactivated) germs:** These are used in some vaccines, such as in the flu shot or the inactivated poliovirus vaccine.
- **Toxoid vaccines:** These contain an inactivated toxin (harmful chemical) made by the germ. For example, the diphtheria and tetanus vaccines are toxoid vaccines.
- **Conjugate vaccines:** These contain small pieces of the germ combined with proteins that help trigger a strong immune response. Many commonly used vaccines are made this way, including those that protect against hepatitis B, HPV, whooping cough, and meningitis.
- **mRNA (messenger RNA) vaccines:** These use a piece of the germ's RNA, which is part of its genetic material. Some of the COVID-19 vaccines are this type.

The American Academy of Pediatrics (AAP) recommends that kids get combination vaccines (rather than single vaccines) whenever possible. Many vaccines are offered in combination to help lower the number of shots a child gets. This has been shown to be very

safe. From the day a baby is born, their immune system is exposed to countless germs every day. A few more in a combination vaccine is very easy for the immune system to handle.

What Vaccines Do Kids Need?

The following vaccinations and schedules are recommended by the AAP. Some variations are normal, and recommendations change as new vaccines are developed. Your doctor will talk to you about the right vaccinations and schedule for your child.

Recommended vaccinations:

- Chickenpox (varicella) vaccine
- Diphtheria, tetanus, and pertussis (DTaP) vaccine
- Hepatitis A (HepA) vaccine
- Haemophilus influenzae type b (Hib) vaccine
- Hepatitis B (HepB) vaccine
- Human papillomavirus (HPV) vaccine
- Influenza (flu) vaccine
- Measles, mumps, and rubella (MMR) vaccine
- Meningococcal (MenACWY, MenB) vaccines
- Pneumococcal (PCV13, PPSV23) vaccines

- Polio (IPV) vaccine
- Rotavirus (RV) vaccine
- COVID-19 vaccine
- Dengue vaccine

Vaccine Concerns

Some parents may hesitate to have their kids vaccinated. They have questions or worry that a child might have a serious reaction or get the illness the vaccine prevents. But the components of vaccines are weakened or killed. In some cases, only parts of the germ are used. So they're unlikely to cause any serious illness.

Some vaccines may cause mild reactions, such as soreness

where the shot was given or a fever. But serious reactions are rare. The risks of vaccinations are small compared with the health risks of the diseases they're intended to prevent. Immunizations are one of the best ways to protect your family from contagious diseases.

Hello all – Spring is HERE and we have hope for sunshine and warm weather! Our program has a great deal of hope as well. Our OVW -VAWA and Office for Victims of Crime FY 21 grant budgets were approved, and funds were made available for Haven to use! We are excited to be able to continue to provide advocacy and services to clients. This past month VAWA was reauthorized – ensuring Haven’s federal funding and resources for several more years. Below we’ll explore what VAWA is, what it means, and what changes have come with the reauthorization.

Reauthorization of VAWA

This week, President Biden signed into law the Violence Against Women Act Reauthorization Act of 2022. You may have seen it on the news, but you might be wondering what is VAWA? Why is it important.

What is VAWA

“The Violence Against Women Act (VAWA) creates and supports comprehensive, cost-effective responses to domestic violence, sexual assault, dating violence, and stalking”. In a nutshell – it’s the federal law that has created federal grant funding that has allowed our tribe and many others to start advocacy programs and provide services to victims of domestic violence, sexual assault, stalking, dating violence, and human trafficking.

VAWA’s Journey

The Violence Against Women Act was first passed in 1994 and then reauthorized in 2000, 2005, and 2013. Each time it expanded access to safety and support for all survivors and increased prevention efforts. However, it was the reauthorization in 2013 that “VAWA 2013 restores concurrent criminal jurisdiction to tribal governments over non-Indians having significant ties to the tribe and who commit domestic violence and dating violence against Native women in Indian country or violate protection orders”. This was a large step toward protecting Native women on tribal land, it meant tribes could prosecute non-Indians “who assault Indian spouses or dating partners or violate a protection order in Indian country”.

What’s New in the 2022 Reauthorization of VAWA

- ✓ Reauthorizes all current VAWA grant programs until 2027 and in many cases increases granting amounts. This means programs that fund HAVEN have secured funding until 2027!
- ✓ Expanding special criminal jurisdiction of Tribal courts to cover non-Native perpetrators of sexual assault, child abuse, stalking, sex trafficking, and assaults on tribal law enforcement officers on tribal lands.

- ✓ Increasing services and support for survivors from underserved and marginalized communities—including for LG-BTQ+ survivors of domestic violence, dating violence, sexual assault and stalking; funding survivor-centered, community-based restorative practice services; and increasing support for culturally specific services and services in rural communities.

- ✓ Establishing a federal civil cause of action for individuals whose intimate visual images are disclosed without their consent, allowing a victim to recover damages and legal fees; creating a new National Resource Center on Cybercrimes Against Individuals; and supporting State, Tribal, and local government efforts to prevent and prosecute cybercrimes, including cyberstalking and the nonconsensual distribution of intimate images.

- ✓ Improving prevention and response to sexual violence, including through increased support for the Rape Prevention and Education Program and Sexual Assault Services Program; expansion of prevention education for students in institutions of higher education; and enactment of the Fairness for Rape Kit Backlog Survivors Act, which requires state victim compensation programs to allow sexual assault survivors to file for compensation without being unfairly penalized due to rape kit backlogs.

- ✓ Strengthening the application of evidence-based practices by law enforcement in responding to gender-based violence, including by promoting the use of trauma-informed, victim-centered training and improving homicide reduction initiatives.

- ✓ Improving the healthcare system’s response to domestic violence and sexual assault, including through enhanced training for sexual assault forensic examiners.

- ✓ Updating the SMART Prevention Program and the CHOOSE Youth Program to reduce dating violence, help children who have been exposed to domestic violence, and engage men in preventing violence.

What does all this mean – it means Haven has secured funding through 2027, some grants will increase, there will be more focus on funds for services and outreach and education, and tribes have more jurisdiction over non-Native offenders! Education Snapshot

By Amber Mittag, Education/Specialized Services Director

Hello Students!!

I come to you this month with some exciting news! I have had students ask me over the years if our tribe offered any type of graduation regalia to wear during commencement ceremonies. This year we are beginning the Eastern Shawnee Tribe Education Department Cord and Stole program!!

For high school graduates and those graduating with an Associates Degree,

we will offer Cords to wear with your graduation robe. Each one will have an Eastern Shawnee tribal seal pinned to it to show the significance of the cord.

For those graduating with a Bachelors, Masters or Doctorate, we will have stoles available. These stoles are beautiful and are currently being embroidered with a design and tribal seal. By next month's newsletter they should be complete so that I can include a picture of each.

There will be an application to fill out in order to apply to receive one; however these will be given as a gift to honor and celebrate your accomplishment! I am currently working on that application so that you should be able to find it soon on the tribal website along with the other education forms.

These can be shipped or picked up within our office. We do ask for an application to be filled out at least two weeks in advance of the commencement ceremony for shipping purposes.

We will also soon be looking for our graduating high school seniors within a 50-mile radius of our office. Unfortunately, with the pandemic, the last two years have been scarce with award ceremonies not occurring. However, I hope for there to be more opportunities this year to attend scholarship/ awards ceremonies for our students where we can present our high school seniors with graduation awards if they would like. If you know of a high school senior within our radius, please let us know!!

Maintaining Your Septic System

By: Justin Morehead, Water/Wastewater Chief Operator

Do you have a septic system for your home? If you do, what steps are you taking to making sure that your septic system is running efficiently? I have a few do's and don'ts to help your septic system run efficiently.

- DO have your tank pumped out and system inspected every one to five years by a professional contractor.
- DO keep a record of pumping, inspections, and other maintenance.
- DO practice water conservation. Repair dripping faucets and leaking toilets. Run washing machines and dishwashers only when full. Avoid long showers. Use water-saving features in faucets, shower heads, and toilets.
- DO provide for timely maintenance of your system. Learn the location of your septic system and drain field. Keep a sketch of it handy for service visits.
- DO divert roof drains and surface water from driveways and hillsides away from the septic systems. Keep sump pumps and house footing drains away from the septic system.
- DO take leftover hazardous household chemicals to your approved hazardous waste collection center for disposal. Use bleach, disinfectants, drain and toilet bowl cleaners sparingly and in accordance with product labels.
- DO keep your septic tank lids accessible.
- DON'T use biological and chemical additives, such as Rid-x. They may actually slow the process; contaminate the effluent, and groundwater, or damage the soil absorption field.

- DON'T allow anyone to drive or park over any part of the system.
- DON'T cover the absorption field with a hard surface, such as concrete or asphalt. Grass is the best cover for the field. Grass will not only prevent erosion, but will help remove excess water.
- DON'T plant trees or shrubbery in the absorption field area. The roots may get into the drain field lines, plugging them.
- DON'T make or allow repairs to your septic system without obtaining the required health department permit. Use professional septic contractors when needed.
- DON'T use your toilet as a trash can by dumping non-biodegradables down your toilets or drains. Also, don't poison your septic system and the ground water by

pouring harmful chemicals down the drain. They can kill the beneficial bacteria that treat your wastewater.

For more information on disposal of household hazardous wastes, Missouri Residents contact the Technical Assistance Program of the Missouri Department of Natural Resources (800) 361-4827 and Oklahoma Residents contact Oklahoma Department of Environmental Quality at (800) 869-1400

FRIED PICKLES

Prep time 15 min, Cook Time 33 min, Chill Time 4 hrs, Total Time 4hrs, 48 min, Servings 6.

Fried pickles are a southern staple and the perfect appetizer for the pickle lover in your life. While chips are the most traditional, spears are also a great alternative. However, fried pickle spears will not be quite as crisp as frying pickle chips, so be sure to choose the type of pickles based on your preference. You can dip fried pickles in virtually anything—Cajun style dip, honey-mustard, blue cheese, or eat them on their own.

According to tales across the internet, the first known printed fried pickle recipe was in the Oakland Tribune on November 19, 1962, titled “French Fried Pickles,” which called for using sweet pickle slices and pancake mix. However, the salt and savory version was first made famous in the summer of 1963 by Bernell “Fatman” Austin, who owned the Duchess Drive-in located in Atkins, Arkansas. Now you will find fried pickles on all sorts of menus across the country. If you are keen to make your own, this recipe also includes a buttermilk ranch dipping sauce that can be made a few days ahead of time and stored in an airtight container in the refrigerator.

INGREDIENTS:

For the Buttermilk-Ranch Sauce

- 1/3 cup buttermilk, well shaken
- 1/2 teaspoon onion powder
- 1/3 cup Mayonnaise
- 1/2 teaspoon apple cider vinegar
- 1/3 cup sour cream
- 1/2 teaspoon kosher salt, more to taste
- 1 teaspoon finely chopped fresh dill
- 1/2 teaspoon garlic powder

FOR THE PICKLES

- 1 (24 ounce) jar sliced dill pickles, drained
- 1 teaspoon kosher salt more to taste
- Vegetable oil for frying
- 1/2 teaspoon onion powder
- 3/4 cup all-purpose flour
- 1/2 teaspoon cayenne pepper
- 1 teaspoon Cajun seasoning
- 1 cup water

DIRECTIONS FOR THE SAUCE

1. In a medium bowl whisk together the buttermilk, mayonnaise, and sour cream.
2. Add the dill, garlic powder, onion powder, apple cider vinegar, and salt. Whisk to combine or use a blender and blend until well combined, scraping down the sides of the bowl as needed.
3. Cover and refrigerate for at least 4 hours or overnight. Adjust the seasoning to taste before serving.

DIRECTION FOR THE PICKLES

Spread the pickles out on a paper towel-lined baking sheet. Pat very dry with more paper towels or use clean kitchen towels. In a large heavy-duty skillet, 1 inch of oil over medium-high heat until it registers 375 F on a deep-fry or candy ther-

mometer. In a medium bowl, stir together the flower, Cajun seasoning, salt, onion Powder, cayenne Pepper, and water, whisk with a fork until the batter is smooth. Add the pickles to the batter in batches, shaking off the excess batter before frying. Transfer to the skillet and fry in batches until golden brown on both sides, flipping halfway through, 3to 4 minutes total. Remove with a slotted spoon to a paper towel-lined plate and sprinkle with a pinch of salt. Repeat with remaining pickles. Transfer to a plate and serve immediately with the buttermilk-ranch sauce.

The Importance of Word of Mouth

Submitted by Ben Bingham, Native Connections Project Director

As many of you may know our program started out small and slowly has grown. It started with two employees, and we slowly grew to include a counselor two days a week to now where we have two employees, a counselor, and his assistant who are working three days a week.

We also started just working amongst ourselves and have ex-

panded to working with two local schools and multiple local tribes.

The reason I mention this is because of the power of word of mouth. This can be used in good or bad ways, from spreading gossip about an individual or events, to spreading news and information that can help those that hear it. For instance, sharing information

about people to talk to, or places to go if someone needs help with depression, substance abuse, or alcohol abuse. This can often mean the difference between an individual seeking help or continuing to suffer in silence. If you know anyone that needs help or can use some assistance, don't hesitate to reach out to our counselor Brandon McCombs at (918) 314-4761.

ADJOURN

CHIEF

who might otherwise not have the best of a Christmas. Door prizes, raffles and cake plates will be available so come and enjoy the fun as well as have a delicious meal.

New to the event this year will be a series of short films featuring tribal members/citizens celebrating our culture through music, stories, art, and poetry all shown while you dine on our scrumptious egg and wild onions. All this was made possible by Administration for Native Americans Nine Tribes Cultural Grant in partnership with the Eastern Shawnee Tribe and Cultural Preservation Department. Later in the summer we will have a Grand Opening of the Cultural Tourism Center in the Natives Connected Building on Highway 60, just west of the roundabout. For further information contact Paul Barton at (918) 238-5151 ext. 1833 regarding the Wild Onion Dinner and Vanna Barger at (918) 325-0087 about the Grand Opening of the Cultural Tourism Center later in the summer.

The next event will be our annual Easter Egg Hunt Saturday, April 16th from 10 a.m. to noon at the Eastern Shawnee Wellness Center for children ages 0 to age 12. The egg hunt will begin at 10 a.m. followed by games, bounce houses and refreshments which of course includes popcorn and drinks. The Easter Bunny will be there the entire time and be available for pictures. Typically we have 750 to 1,000 people so put this date on your calendar. You won't want to miss all the smiling eager faces as they get ready to fill their baskets with eggs, with each of the eggs containing candy or money or an indication of a special prize. We're hoping for good weather as we have isolated and social distanced for two years and we are anxious to be with people of all ages, talk with them, enjoy being together once again. This event is sponsored by CCDF, Children's Learning Center and the Wellness Center.

We have yet another event to announce and that is our annual Elders Dinner. We typically have this gathering the last Friday in April which will be April 29. As usual, we will meet at our AOA Building which is on our 10C Complex, so named because it is on Highway 10 C, near our Travel Center and Outpost Casino for those who might never have been here. It's also close to the Missouri/Oklahoma border. This event begins with a dinner at 5:30 p.m. and is followed with lots of visiting, lots of door prizes, special prizes for winners of categories such as who travelled the greatest distance, etc. Then we honor our oldest Eastern Shawnee male and oldest Eastern Shawnee female, provided they have not been honored for this distinction before. Our program usually features an individual or family that we learn more about, perhaps even a video about one or two individuals. We end the evening making sure everyone meets everyone as often times some are related but don't know each other. It's an evening of fun and fellowship, plus a good meal. All Eastern Shawnee elders age 62 and up are invited/encouraged to attend and can bring a guest if they so wish. Hope to see you elders Friday, April 29 at 5:30 at our AOA Building.

And the next announcement I want to make (drum roll please!), is that plans are in full swing for both of our annual pow wows. The Back to School Shawna Stovall Children's Pow wow is scheduled for first Saturday in August, meaning August 6 and our annual fall pow wow is scheduled for the third weekend in September on the dates of Friday, Saturday and Sunday, the 16th, 17th, and 18th. Mark your calendars to attend these important tribal events. Committees have been working hard to schedule these events and to make these events special.

COVID 19 has affected our tribe in so many different ways. Some of our families have lost loved ones due to COVID. Some of our tribal citizens have lingering negative health effects

from personally having COVID. Some of our tribal citizens have suffered financially from COVID. Others have been affected mentally, emotionally. Homelessness has increased throughout the United States as well as crime, violence, abuse. Our program HAVEN addresses many of these situations, offering help and guidance, particularly in situations involving violence, abuse, victims of crime. Finding housing for individuals caught up in these circumstances is particularly difficult in this area. But help is on the way. The tribe has been constructing four tiny homes for our HAVEN program and the first is about to be finished. It is hoped that we can finish one home per week for the next four weeks. If you find yourself in these circumstances and need help and housing due to violence, crime, or abuse, please contact our HAVEN program, (918) 554-2836.

As for me personally, I am doing just fine. I now have one inch of hair, just need another inch or two.

As always, it has been my honor to serve as your Chief. If I can ever be of assistance, please do not hesitate to contact me. I may be reached by mail at 12755 S. 705 Road, Wyandotte, OK 74370, email at gjwallace@estoo.net I do not do face book nor linked in.
